Developing International Strategies Rudolf Grünig, Dirk Morschett, 2011-10-22. The internationalization of the human society and mainly of the economy will continue. It will create threats but also big opportunities to most companies. This is where the book makes its contribution, putting forward suggestions for medium-sized companies to become a winner of internationalization. After a comprehensive introduction to internationalization and to strategic planning, concrete recommendations are made. The book first looks at going international for new markets. Then it shows how to develop an internationalization strategy for production and sourcing. Finally, strategic planning in an international company is explained. The book is aimed at company executives, master students and participants of EMBA programs. It is intended to serve as a support for developing successful strategies for going and being international.

Geneza legendarului Olcit Aurică IVAȘCU, 2022-12-19. Cartea prezintă într-un mod original și bine documentat povestea fabuloasă a născuturii uzinei de automobile de la Craiova pe atunci Societatea Mixtă OLTCIT S.A. și a genezei autoturismelor Olcit comercializate de partea română respectiv Axel comercializate de partea franceză. Este doar partea de început a unei lucrări monografice mai ample pe care autorul intenționează să o dedice uzinei de automobile din Bânie care în curând va mplini o jumătate de veac de existență. Pe lângă expunerea cronologică a evenimentelor ce au marcat istoria acestui obiectiv economic major al Craiovei și al României, cartea prezintă și o mulțime de fotografii documentare, retrăsurări și dezvoltări inedite insistând pe lămurirea și îndreptarea pe cât posibil a unor informații total false sau uor derutante în legătură cu această geneză. Elaborat fiind într-un mod mai puțin academic dar credibil în sensul adevărat al cuvântului, făcând trimitere pas cu pas la peste 300 de referințe bibliografice și la alte peste 300 note de subsol, această lucrare este presărată cu picanterii de tot felul astfel încât cititorul să o poată parcurge cu plăcere și cu o curiozitate mereu în alertă. Lucrarea se adresează

n primul rând iubitorilor de istorie locală și de istorie a automobilului în general dar și analiștilor politici și economici foștilor și actualilor salariați ai uzinei de automobile de la Craiova precum și fanilor Olcit și Citroen deopotrivă din țară și de pretutindeni însemnătatea acestei lucrări monografice este marcată atât de consemnarea clarificarea și glorificarea genezei uzinei de automobile de la Craiova cât și de documentarea și evocarea unor sentimentale a devenirii legendarului Olcit The book presents in an original and well documented way the fabulous story of the birth of the automobile factory from Craiova at that time Societatea Mixtă OLTCIT S.A. and the genesis of Olcit cars marketed by the Romanian side respectively Axel marketed by the French side It is therefore only the beginning part of a larger monographic work which the author intends to dedicate to the automobile factory from Bânie which soon will complete half a century of existence In addition to the chronological exposition of the events that marked the history of this major economic objective of Craiova and Romania the book also presents a lot of document photos confessions and new revelations insisting on clarifying and correcting as much as possible some completely false information or slightly confusing in relation to this genesis Elaborated in a less academic way but credible in the true sense of the word referencing step by step more than 300 bibliographic references and more than 300 other footnotes this work is sprinkled with all kinds of spice so that the reader can go through it with great pleasure and with an ever alert curiosity The work is addressed first of all to lovers of local history and automobile history in general but also to political and economic analysts former and current employees of the automobile factory from Craiova as well as Olcit and Citroen fans both from country and everywhere The significance of this monographic work is marked therefore both by recording clarifying and glorifying the genesis of the automobile factory from Craiova as well as by documenting and evoking slightly sentimentally the becoming of the legendary Olcit
