Shooter's Guide Steve Markwith, This book is devoted to a whole series of useful firearms beginning with the well known 22
 Long Rifle The venerable twenty two hosts a wide array of interesting loads including some ultra quiet choices and fairly
 nasty high speed rounds Even hotter rimfire calibers include the 22 Winchester Magnum Rimfire plus three small bore
 derivatives the 17 Mach II 17 Hornady Rimfire Magnum and Winchester s high velocity 17 Super Magnum Careful shopping
 can provide us with a useful rimfire or maybe even two with which to quietly harvest small game or eliminate pests An
 economical 22 LR firearm can also serve as a great high powered rifle trainer if similar function is considered In a pinch it
 might even work for self defense The rimfires can t do everything but they can do a lot once fully understood One trait is easy
 to overlook until you start shooting They re lots of fun This book will lead the way from beginning to end **Transportation**

Combat Shotguns Leroy Thompson,2013-08-20 When a soldier must face multiple opponents at close quarters few weapons
 can match the effectiveness of the shotgun From World War I to the War on Terror the shotgun has been a devastating
 weapon in the hands of US troops For urban combat prisoner control and shipboard operations it remains as deadly today as
 it was a century ago This book examines various types from the early combat shotguns through to the riot gun and trench
 gun versions used in World War I So effective was the trench shotgun the Germans complained it violated the Rules of War as
 an inhumane weapon and threatened to execute troops captured carrying one More recently during the War on Terror
 shotguns have been used to clear cave complexes in Afghanistan and buildings in Iraq but especially to blow doors open
 during entries and searches Featuring specially commissioned full color artwork this is the story of the origins development
 and the use of the combat shotgun in US service from the trenches of World War I to the Korean and Vietnamese Wars and
 lately the cave complexes of Afghanistan
