Remote Viewing Training Manual:

Remote Viewing David Morehouse, 2010-11-05 It is possible to see across space and time. Even those who accept that humans can reach beyond the conventional five senses typically think of psychics as special or gifted with unusual abilities. But David Morehouse teaches otherwise: all human beings, including you, have the innate capacity for Remote Viewing. David Morehouse was trained by the U.S. government in Remote Viewing, an exact scientific protocol for tapping the human power to gather information across space and time. In this comprehensive manual, he has taken his military training as an operational Remote Viewer and turned it into a step-by-step training system, one that teaches any serious reader how to unlock their natural abilities and become more than the physical world allows. You have the ability to do this, Morehouse says. Something extraordinary is absolutely possible in your life. Remote Viewing is more than simply a method for gathering information; it is a transformational tool instilling within you the absolute and irrefutable evidence that you are more than human, that you are extraordinarily human. As you gain experience and confidence as a Viewer, you will tap into the collective unconscious that connects you to everything and everyone in the universe. Through David Morehouse's training, you will learn to touch the infinite source of life and knowledge that spiritual masters throughout human history have sought.

Remote Viewing Joy e Roy Martina, 2018-09-07T00:00:00+02:00 Would you like to be able to know how your beloved people are? Would not it be nice to know in advance what the consequences of your choices will be before deciding which is the right one? Have you ever thought of taking an astral journey into the past to heal the traumas that have had a major impact on your life? Or to see what is the best possible future for you and get guidance on how to achieve it? The new eBook by Joy and Roy Martina presents the foundations on which Quantum Travels are based and reveals some secrets so far remained strictly guarded on Remote Viewing. Remote Viewing is a technique developed by the CIA and the United States Army under the leadership of Stanford University to train the mind to gain knowledge about anyone, any place or event, past, present or future. Thanks to the use of mental techniques and special training with Remote Viewing and Quantum Travels, not only the space is filled instantly; you can see what happens in another place by simply closing your eyes and entering the trance state, but also the time barrier is overcome, and this allows you to experience the perceived past and the probable future. Everyone is able to imagine, and they do it. When a person dreams, he or she visualizes things using their own imagination. The visualization referred to in this manual is an intrinsic quality of thoughts and not a biological process that involves sight. The techniques developed by Dr. Roy Martina are used to balance emotions and eliminate dysfunctional patterns. Learn about the different mental states and the functioning of your mind to fully use its potential. Recognize the true meaning of events such as accidents, unfortunate cases, difficulties, and the like, and avoid them to hinder you. By reading this eBook, you will discover the limits of the ego and how to overcome them to follow the path that leads you to become the best version of yourself and to have a happier, richer, and more fulfilling life, to make better choices in business, to find the right place to live, and to access
