TV Guide, 2001 **FCC Record** United States. Federal Communications Commission, 2006 , *Television & Cable Factbook*, 2005 **Media Ownership and Concentration in America** Eli Noam, 2009-10-19 People have worried for many years about the concentration of private power over the media as evidenced by controversy over Federal Communication Commission rulings on broadcast ownership limits The fear it seems is of a media mogul with a political agenda a new William Randolph Hearst who could help start wars or run for political office using the power of the media In the light of these concerns about freedom of speech Eli Noam provides a comprehensive survey of media concentration in America covering everything from the early media empire of Benjamin Franklin to the modern day cellular phone industry

Encyclopedia of Contemporary American Culture Robert Gregg, Gary W. McDonogh, Cindy H. Wong, 2005-11-10 As a meeting point for world cultures the USA is characterized by its breadth and diversity Acknowledging that diversity is the fundamental feature of American culture this volume is organized around a keen awareness of race gender class and space and with over 1 200 alphabetically arranged entries spanning the American century from the end of World War II to the present day the Encyclopedia provides a one stop source for insightful and stimulating coverage of all aspects of that culture Entries range from short definitions to longer overview essays and with full cross referencing extensive indexing and a thematic contents list this volume provides an essential cultural context for both teachers and students of American studies as well as providing fascinating insights into American culture for the general reader The suggestions for further reading which follows most entries are also invaluable guides to more specialized sources *Encyclopedia of Television* Horace Newcomb, 2014-02-03 The Encyclopedia of Television second edition is the first major reference work to provide description history analysis and information on more than 1100 subjects related to television in its international context For a full list of entries contributors and more visit the Encyclopedia of Television 2nd edition website **Persuasive Technology** Yvonne de Kort, Wijnand IJsselsteijn, Cees Midden, Berry Eggen, B.J. Fogg, 2007-11-24 This book constitutes the thoroughly refereed post proceedings of the Second International Conference on Persuasive Technology for Human Well Being PERSUASIVE 2007 held in Palo Alto CA USA in April 2007 The 37 revised full papers presented were carefully reviewed and selected from numerous submissions for inclusion in the book The papers are organized in topical sections and cover a broad range of subjects *Hollywood TV* Christopher Anderson, 2013-10-11 The 1950s was one of the most turbulent periods in the history of motion pictures and television During the decade as Hollywood's most powerful studios and independent producers shifted into TV production TV replaced film as America's principal postwar culture industry This pioneering study offers the first thorough exploration of the movie industry's shaping role in the development of television and its narrative forms Drawing on the archives of Warner Bros and David O Selznick Productions and on interviews with participants in both industries Christopher Anderson demonstrates how the episodic telefilm series a clear descendant of the feature film became and has

remained the dominant narrative form in prime time TV This research suggests that the postwar motion picture industry was less an empire on the verge of ruin as common wisdom has it than one struggling under unsettling conditions to redefine its frontiers Beyond the obvious contribution to film and television studies these findings add an important chapter to the study of American popular culture of the postwar period [e-Pedia: Game of Thrones \(season 6\)](#) Wikipedia
