Hard Times Barbara Kellerman, 2014-10-15 A highly perceptive analysis of the crisis of leadership in 21st century America written in an exhilaratingly readable style Archie Brown Oxford University author of *The Myth of the Strong Leader* Selected by Choice as an Outstanding Academic Book Leadership has never played a more prominent role in America's national discourse and yet our opinions of leaders are at all time lows Private sector leaders are widely seen as greedy to the point of being corrupt Public sector leaders are viewed as incompetent to the point of being inept And levels of trust in government have plummeted As the title of this book conveys leaders in America are experiencing hard times Barbara Kellerman argues that we focus on leaders and even on followers while ignoring an essential element of leadership context This book is a corrective It enables leaders to track the terrain that they must navigate in order to create change Rather than a handy dandy manual on what to do and how to do it *Hard Times* is structured as a checklist Twenty four brief sections cover key aspects of the American landscape They trace evolutions and revolutions that have revised our norms transformed our populations and institutions and shifted our culture Kellerman's crash course on context reveals how significant it is to leadership Clearer still is the fact that leadership is more difficult than it has ever been It is context that explains why leadership is so fraught with frustration And it is context that makes evident why leadership will be better exercised if it is better understood Calling out patterns that emerge from the checklist Kellerman challenges leaders to do better This fascinating read will change the way that all of us think about leadership while compelling us to consider what it means for our future Finally a book that explains why leadership is so hard thought provoking examples taken from business and government alike Sydney Finkelstein Tuck School of Business author of *Why Smart Executives Fail* *The Law Times* ,1875

The Irish Law Times and Solicitors' Journal ,1877 **Iron & Coal Trades Review** ,1927 Vol 115 includes Diamond jubilee issue 1867 1927 **American Sovereigns** Christian G. Fritz,2007-10-29 American Sovereigns The People and America s Constitutional Tradition Before the Civil War challenges traditional American constitutional history theory and jurisprudence that sees today s constitutionalism as linked by an unbroken chain to the 1787 Federal constitutional convention American Sovereigns examines the idea that after the American Revolution a collectivity the people would rule as the sovereign Heated political controversies within the states and at the national level over what it meant that the people were the sovereign and how that collective sovereign could express its will were not resolved in 1776 in 1787 or prior to the Civil War The idea of the people as the sovereign both unified and divided Americans in thinking about government and the basis of the Union Today s constitutionalism is not a natural inheritance but the product of choices Americans made between shifting understandings about themselves as a collective sovereign Federal Register ,2013-03 *Puritan Iconoclasm During the English Civil War* Julie Spraggon,2003 Julie Spraggon offers a detailed analysis of Puritan iconoclasm in England during the 1640s which led to a resurgence of image breaking a century after the break with Rome She examines parliamentary legislation its enforcement the parallel action undertaken by the army to rid the land of superstition *Poor's Cumulative Service* ,1927 **The Troublesome Legacy of Commissioner Lin** Joyce A. Madancy,2020-03-23 In 1908 a very public crusade against opium was in full swing throughout China and the provincial capital and treaty port of Fuzhou was a central stage for the campaign This the most successful attempt undertaken by the Chinese state before 1949 to eliminate opium came at a time when according to many historians China s central state was virtually powerless This volume attempts to reconcile that apparent contradiction The remarkable albeit temporary success of the anti opium campaign between 1906 and 1920 is as yet largely unexplained How these results were achieved how that progress was squandered and why China s opium problem proved so tenacious are the questions that inspired this volume The attack on this social problem was led by China s central and provincial authorities aided by reformist elites and seemingly supported by most

Chinese The anti opium movement relied on the control and oversight provided by a multilayered state bureaucracy the activism and support of unofficial elite led reform groups the broad nationalistic and humanitarian appeal of the campaign and the cooperation of the British government The extent to which the Chinese state was able to control the pace and direction of the anti opium campaign and the evolving nature of the political space in which elite reformers publicized and enforced that campaign are the guiding themes of this analysis **The 1996 Telecom Act** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Antitrust, Business Rights, and Competition,1998 Activists in the Data Stream Alice Mattoni,Diego Ceccobelli,2024-05-02 Available Open Access digitally under CC BY ND licence This book pulls back the curtain on the link between activism media and technology in the quiet times of politics when people are not protesting Introducing the novel concept of the data stream it explores the intricate ways in which activists interact daily with various types of data and how they navigate the impact of digitalization and datafication on today s grassroots politics Through rich empirical data from Greece Spain and Italy *Activists in the Data Stream* makes a nuanced contribution to our understanding of activists daily political engagement in an ever changing media and political landscape *Nuclear Regulatory Commission Issuances* U.S. Nuclear Regulatory Commission,U.S. Nuclear Regulatory Commission.
