## Time S Potential Power Parables 120:

The Parable of the Tribes Andrew Bard Schmookler, 1994-12-23 Imagine a group of tribes living within reach of one another If all choose the way of peace then all may live in peace But what if all but one choose peace From this basic premise Andrew Bard Schmookler has built a towering work of intellectual and spiritual insight a book that will shatter many preconceived notions about how civilization has developed and why human history has been so filled with torment In this new edition Schmookler shows how with the end of the Cold War we now have an unprecedented opportunity to solve the problem of power that has plagued civilization The Parable of the Tribes is a new vision of the story of humankind It presents a radiant new synthesis of history evolutionary biology political theory and psychology **Transactions of the American Institute of Electrical Engineers** American Institute of Electrical Engineers, 1924 List of members in v 7 15 17 19 20

Keener, 2012-04-13 The earliest substantive sources available for historical Jesus research are in the Gospels themselves when interpreted in their early Jewish setting their picture of Jesus is more coherent and plausible than are the competing theories offered by many modern scholars So argues Craig Keener in *The Historical Jesus of the Gospels* In exploring the depth and riches of the material found in the Synoptic Gospels Keener shows how many works on the historical Jesus emphasize just one aspect of the Jesus tradition against others but a much wider range of material in the Jesus tradition makes sense in an ancient Jewish setting Keener masterfully uses a broad range of evidence from the early Jesus traditions and early Judaism to reconstruct a

Roger Greene,2024-10-17 Can the real Paul the apostle live again in a postmodern technological age Paul s ministry stood at the very headwaters of the Christian gospel surrounding Jesus of Nazareth His letters are the earliest documents contained in the New Testament The current work calls upon the reader to actively engage Paul in his context rather than to affirm the assumed theological Paul of later Christian orthodoxy The reader is thus invited to walk with a more real Paul as he may be imagined from the sources we have to think Paul s thoughts with him through his letters and to more fully experience the gospel of God that Paul knew and proclaimed Paul was a man in Christ directly called by God to announce the gospel of God to both Jew and gentile in the midst of a world ruled by Rome He did so through two major campaigns rather than three missionary journeys He wrote pastoral letters to real first century churches The real Paul did not write theology but he rather proclaimed a gospel to a world in search of a soul
