The Power of the Second Question Chris Skellett, 2015-03-17 Have you ever heard a line in a song that took your breath away Or been reduced to tears by a deeply significant phrase in a movie Have you ever heard a simple truth that resonates perfectly with you In *The Power of the Second Question* psychologist Chris Skellett reveals how you can learn to harness the power of personal reflection to capture your simple truths about the world You will be encouraged to lift yourself up from the routines of everyday thinking and take time to consider what life is all about for you Each concise chapter suggests ideas gives examples and reviews the importance of personal insight You are then invited to reflect upon your own wisdom in key areas of your life and to consolidate what you have learned from life so far At the end of the process you will have developed a much broader appreciation of who you are and what you have learned along life s journey [Main Currents in Modern Thought](#), 1971

The Flirt's Tragedy Richard A. Kaye, 2002-05-29 In the flirtation plots of novels by Jane Austen Charlotte Bront and W M Thackeray heroines learn sociability through competition with naughty coquette doubles In the writing of George Eliot and Thomas Hardy flirting harbors potentially tragic consequences a perilous game then adapted by male flirts in the novels of Oscar Wilde and Henry James In revising Gustave Flaubert s *Sentimental Education* in *The Age of Innocence* Edith Wharton critiques the nineteenth century European novel as morbidly obsessed with deferred desires Finally in works by D H Lawrence and E M Forster flirtation comes to reshape the modernist representation of homoerotic relations In *The Flirt's Tragedy* *Desire without End* in Victorian and Edwardian Fiction Richard Kaye makes a case for flirtation as a unique neglected species of eros that finds its deepest most elaborately sustained fulfillment in the nineteenth century and early twentieth century novel The author examines flirtation in major British French and American texts to demonstrate how the changing aesthetic of such fiction fastened on flirtatious desire as a paramount subject for distinctly novelistic inquiry The novel he argues accentuated questions of ambiguity and ambivalence on which an erotics of deliberate imprecision thrived But the impact of flirtation was not only formal Kaye views coquetry as an arena of

freedom built on a dialectic of simultaneous consent and refusal as well as an expression of managed desire a risky display of female power and a cagey avenue for the expression of dissident sexualities Through coquetry novelists offered their response to important scientific and social changes and to the rise of the metropolis as a realm of increasingly transient amorous relations Challenging current trends in gender post gender and queer theory criticism and considering texts as diverse as Darwin's *The Descent of Man* and Gilbert and Sullivan's *The Mikado* Kaye insists that critical appraisals of Victorian and Edwardian fiction must move beyond existing paradigms defining considerations of flirtation in the novel *The Flirt's Tragedy* offers a lively revisionary often startling assessment of nineteenth century fiction that will alter our understanding of the history of the novel

Tracing Archaeology's Past Andrew L. Christenson, 1989 In 17 critical essays the first book to address the historiography of archaeology evaluates how and why the history of archaeology is written The emphasis in the first section is on how archaeologists use historical knowledge of their discipline For example it can help them to understand the origin of current archaeological ideas to learn from past errors and to apply past research to current questions It can even be integrated into the new liberal arts curricula in an attempt to instruct students in critical thinking The second section considers the sociopolitical context within which past archaeologists lived and worked and the contexts within which historians of archaeology write The topics treated include the rise of capitalism and colonialism and the rise of modern archaeology the political contexts and changing form of the history of Mesoamerican archaeology the decline to obscurity of once prominent archaeologists and the institutional and ideological fossilization of American classical archaeology The final section focuses on researching and presenting the history of archaeology The authors discuss past archaeologists in light of their institutional affiliations the use of historic methods to interpret past archaeological notes and collections and the means of presenting the history of archaeology on videotape The final paper offers a plan for documenting the many records diaries fieldnotes correspondence unpublished reports in public and private hands that contain the history of archaeology

A Primer on Innovation Theology Lanny Vincent, 2017-02-24 What does innovation have in common with theology More than you might think Both are ways people attempt to make sense

Both have to do with value and knowledge creation Both have much to say about change and how we respond to it or not And both affect human culture and physical realities with implications for generations to come A Primer on Innovation Theology explores the territory where innovating and theology intersect At this intersection the Primer pours a theological foundation for innovators who aim to create new value for the common good realize sustainable more than acquisitive value and pursue generous and just relationships more than merely transactional ones Adapted from the larger original volume Innovation Theology A Biblical Inquiry and Exploration A Primer is intended for lay audiences especially innovators intrapreneurs entrepreneurs and investors who are theologically curious about their own roles and responsibilities Change is unrelenting How we choose to respond can insulate or innovate If we choose to innovate our aim is to create new value for others The success and failure of these aims may reveal whether we are innovating where the plumb lines of God may be more important than the bottom lines of our efforts in other words in the company of God Introducing Christian Education Michael J.
