China's Policy towards the South China Sea Lingqun Li, 2018-02-19 This book provides an explanation of Chinese policy towards the South China Sea and argues that this has been sculpted by the changing dynamics of the law of the sea in conjunction with regional geopolitical flux The past few decades have witnessed a bifurcated trend in China's management of territorial disputes Over the years while China gradually calmed and settled most land border disputes with its neighbors disputes on the ocean frontier continued to simmer in a seething cauldron China's Policy towards the South China Sea attributes the distinctive path of China's approach to maritime disputes to a unique factor the law of the sea LOS as the rules of the road in the ocean By deconstructing the concept of sovereignty and treating the LOS as an evolving regime the book examines how the changing dynamics of the LOS regime have complicated and reshaped the nature and content of sovereign disputes in the ocean regime as well as the options of settlement Applying the findings to the South China Sea case the author traces the learning curve on which China has embarked to comprehend the complexity of the dispute accordingly and finds that it is the dynamic interaction of the law of the sea regime and the geopolitical conditions that has driven the evolution of China's South China Sea policy This book will be of great interest to students of Chinese and Asian politics international law international relations and security studies Legislative Calendar United States. On Dangerous Ground

Gregory B. Poling, 2022-07-01 A robust yet accessible history of US involvement in the world's most dangerous waterway and a guide for what to do about it. Lamentations that the United States is losing the South China Sea to China are now common. China has rapidly militarized islands and reefs, projects power across the disputed waterway and freely harasses US allies and partners. The US has been unable to halt these processes or convince Beijing to respect the rights of smaller neighbors. But what exactly would losing mean? In *On Dangerous Ground*, Gregory B. Poling evaluates US interests in the world's most complex and dangerous maritime disputes by examining more than a century of American involvement in the South China Sea. He focuses on how the disputes there intersected and eventually intertwined with the longstanding US commitment to freedom of the seas and its evolving alliance network in Asia. He shows that these abiding national interests—defense of maritime rights and commitment to allies, particularly the Philippines—have repeatedly pulled US attention to the South China Sea. Understanding how and why is critical if the US and its allies hope to chart a course through the increasingly fraught disputes while facing a more assertive, more capable and far less compromising China. With an emphasis on decisions made not just in Washington and Beijing but also in Manila and other Southeast Asian capitals, *On Dangerous Ground* seeks to correct the record and balance the China-centric narrative that has come to dominate the issue. It not only provides the most comprehensive account yet of America's history in the South China Sea but it also demonstrates how that history should inform US national security policy in one of the most important waterways in the world. [Timetable](#), 2001-05 **Congress and the Nation 2013-2016, Volume XIV** David Hosansky, 2019-10-29 Chronicling the polarized partisan environment during the President Barack Obama's second term, *Congress and the Nation 2013-2016 Vol XIV* is the most authoritative reference on congressional lawmaking and trends during the 113th and 114th Congresses. The newest edition in this award-winning series documents the most fiercely debated issues during this period, including the unprecedented federal government shutdown, the strike down of the Defense of Marriage Act as unconstitutional, the end of the filibuster for most executive and judicial branch nominees, changes to the Dodd-Frank Act, Israeli Prime Minister Netanyahu and Pope Francis address joint sessions, the Sexual Assault Survivors Rights Act passed, overhauling rape kit processing and establishment of victim bill of rights, the SPACE Act passed allowing commercial exploration of space. No other source guides readers seamlessly through the policy output of the national legislature with the breadth, depth and authority of *Congress and the Nation*. This is a landmark series, a must-have reference for all academic libraries and meets the needs of the full spectrum of users from lower-level undergraduates through researchers and faculty. **Federal Register**, 2013-03

EXECUTIVE SUMMARY Context On June 7 2013 the Executive Board approved a 24 month Stand By Arrangement in an amount equivalent to 400 percent of quota SDR 1 146 billion or about 1 75 billion To date SDR 716 25 million equivalent to 1 1 billion has been disbursed Background Tunisia is completing a successful political transition to democracy while navigating a challenging environment marked by high social and security tensions slow growth in trading partners and spillovers from regional conflicts At the same time large external and fiscal imbalances high unemployment and increased banking fragilities remain the main challenges Program implementation has been mixed All quantitative performance criteria have been met However progress on the structural reform agenda has been slow with considerable delays in the recapitalization of public banks and the legislative agenda on the tax investment and bank asset recovery fronts Program strategy The focus should continue to be on short term macroeconomic stabilization and laying foundations for higher and more inclusive growth including by moving forcefully on banking reforms Prudent fiscal and monetary policy along with improved budget composition and greater exchange rate flexibility need to be directed to containing high imbalances and anchoring inflationary expectations Recapitalizing public banks in line with good international practices is urgent in view of mounting risks to financial stability and is also important in light of its impact on financial intermediation and growth Progress on structural reforms is necessary to generate the conditions conducive to private sector led and inclusive growth and protect

the most vulnerable Risks to program implementation are important The main risks relate to regional and domestic security tensions delays in forming a new government shortfalls in official and market financing or a further deterioration of the international economic environment The implementation of program policies will continue to be tested by opposition from vested interests however support for the reform agenda among the authorities and a broad spectrum of political parties represents a key risk mitigating measure The completion of the fifth review will make SDR 71 625 million about 110 million available
