Leading without listening is like walking in the dark You need to know what your crew customers and suppliers think so listen hard and pounce on every good idea you hear That said it's not as easy as you think A leader who hasn't learned to listen is working under a huge handicap It may be possible to lead without listening Douglas MacArthur style but that approach is twice as hard half as fast and prone to disaster Even as I rose through the ranks of the Navy I found that listening didn't always come naturally to me Often I merely pretended to hear people How many times had I barely glanced up from my work when a sailor or officer came up to the bridge or into my cabin I wasn't paying attention I was marking time until I could give orders When I took command of Benfold I was determined to do things differently and I had to move fast In two months we would deploy to the Middle East and we weren't ready *Daily Graphic* Ransford Tetteh, 2014-04-28
