Commander's Intent

MCMAP is an integrated weapons based system that incorporates the full spectrum of the force continuum on the battlefield and contributes to the mental character and physical development of Marines. It is the intent that MCMAP enhances the transformation from civilian to Marine by capitalizing on the zeal of entry level training and developing the Marine ethos in a progressive manner throughout a Marine's career.

Concept of operations

a All Marines regardless of age grade or sex must perform MCMAP qualifications

b Commanders shall conduct MCMAP training in accordance with the instructions contained

e The prescribed minimum requirements of this Order should not be interpreted as limiting the commander. Commanders are encouraged to conduct additional MCMAP training in a progressive safe manner to enhance unit performance and fitness levels of Marines.

McMap Marine Corps Martial Arts Program Usmc, 2013-12

The Marine Corps Martial Arts Program

MCMAP is a combat system developed by the United States Marine Corps to combine existing and new hand to hand and close quarters combat CQC techniques with morale and team building functions and instruction in the Warrior Ethos. The program which began in 2001 trains Marines and U S Navy personnel attached to Marine units in unarmed combat edged weapons weapons of opportunity and rifle and bayonet techniques. It also stresses mental and character development including the responsible use of force leadership and teamwork. The techniques used by MCMAP vary in degrees of lethality allowing the user to select the most appropriate usually the least amount of force. For example a Marine facing a nonviolent but noncompliant subject can use an unarmed restraint to force compliance with minimal damage and pain. A more aggressive subject could be met with a choke hold or a strike. Lethal force can be used on a subject as a last resort. The majority of techniques can be defensive or offensive in use with or without a weapon allowing Marines flexibility in combat and operations other than war such as civil control or humanitarian missions as well as self defense.
