

## V for Vendetta

## INTRODUCTION

## BRIEF BIOGRAPHY OF ALAN MOORE

Alan Moore was raised in an impoverished part of the United Kingdom. He was a voracious reader as a child, and showed a talent for drawing and writing. As a teenager, he began working in jobs and moving to local newspapers. It was also around this time that Moore began experimenting with drugs like LSD, and in 1970 he was expelled from his college (the English counterpart to American high school) for drug use. Following his expulsion, Moore worked a number of odd jobs, including toilet cleaning and farming. He didn't begin writing and illustrating comic books full time until 1979, when he sent his first letters to the music magazine *NME*. For the next few years, Moore earned less than 50 pounds a week. It was during this period that Moore married his wife, Phyllis, and had a child, Leah. It was Moore's dream to write for *2000AD*, the most prestigious comic magazine in Britain at the time. In 1980, he finally succeeded in selling an idea for a comic strip in *2000AD*. Moore worked as a freelance comic strip writer, often writing stories for other people's characters. He became known as a quick and creative writer with a strong visual sense, and all in all, he wrote more than 50 stories for *2000AD*. His major career breakthrough came in 1983, when he was hired by DC Comics, the most prominent American comic company, to reinvent "the legend of the Swamp Thing," an old, unpopular comic strip. Moore was widely praised for "deconstructing" the Swamp Thing character, essentially writing a satire of comic book superheroes themselves. Arguably, Moore's best-known work is *V for Vendetta*, which was released between 1986 and 1987. In 1989, Moore completed work on *V for Vendetta*, one of his most popular works. Since 1993, he's worked on more than 50 graphic novels, including *From Hell*, a reimagining of the Jack the Ripper murders, *The League of Extraordinary Gentlemen*, an adventure comic featuring heroes of Victorian literature, and *Preacher*, which blends comic book conventions with subliminal traditions. Moore has been honored with virtually every award given for comic books, and his comic *V for Vendetta* was included on *Time Magazine's* list of the 100 greatest works of fiction written in the 20th century.

## HISTORICAL CONTEXT

*V for Vendetta* alludes to many historical events, some of the most important being the Civil War, the conservative values of the Reagan-Thatcher era, the AIDS epidemic, and the Guy Fawkes Gunpowder Plot. At the time when Moore was writing *V for Vendetta*, the Cold War was still a reality and was, in many ways, still escalating. (Although it would end only two years

after the graphic novel was published.) The world's two dominant superpowers, the United States and the U.S.S.R., competed with one another for economic and political control of the world. Their competition took many forms, and perhaps the most notorious was the stockpiling of nuclear missiles. For nearly thirty years, both the U.S. and the U.S.S.R. increased their defense budgets and devoted huge sums of money to building more nuclear missiles. There was widespread fear that the arm race between the U.S.S.R. and the United States would result in a nuclear war, which could easily destroy the entire planet. The premise of *V for Vendetta* is that this war has occurred: both Russia and America have been destroyed, along with Africa. Another important event to which *V for Vendetta* responds is the rise of conservatism in both the U.S. and America during the 1980s. During this decade, Ronald Reagan was the President of the United States, and Margaret Thatcher was the Prime Minister of England. Reagan and Thatcher were widely criticized for their indifference to blacks, feminists, homosexuals, scientists, and other demographic groups whose identities were said to oppose "traditional moral values." Never was this clearer than during the AIDS epidemic. The AIDS virus killed millions of people during the 1980s, most of them homosexuals. Reagan and Thatcher were attacked for refusing to allocate federal funds for AIDS research. It was pointed out that AIDS disproportionately targeted the demographics that didn't vote conservative: homosexuals, Latinos, and blacks. And it was even implied that Reagan and Thatcher weren't spending money to fight AIDS because their "ideal" people—white heterosexuals—weren't affected by it. Moore takes the Reagan/Thatcher conservatism to its ideological extreme with himself: highly conservative, homophobic, and racist regime that kills all those who stand outside the racial and sexual ideal. One final historical event to which *V for Vendetta* alludes is the Gunpowder Plot of 1605. A group of radical Catholics, including Guy Fawkes, plotted to assassinate James I, the Protestant ruler of England at the time, by blowing up the House of Parliament, the center of the English government. On the 5th of November, Fawkes was caught beneath the House of Parliament, surrounded by barrels of gunpowder. Although Fawkes was tortured for his act of treason, he confessed suicide before English soldiers could execute him. Fawkes's act of violent disobedience has found a welcome place in English mythology: in November, the English launch fireworks and light bonfires in recognition of Fawkes's Gunpowder Plot.

## RELATED LITERARY WORKS

A full list of the books to which *V* alludes is impossible: there are simply too many of them. Moore has acknowledged his debt
