Uva Essays 2013 2014:

Assault on the Small Screen Molly Ann Magestro, 2015-07-22 Over the last few decades television programs have attempted to depict some of the more troubling elements of society with a more conscientious approach. Issues that networks were once reluctant to broadcast such as sexual abuse, sexual assault, and rape have become frequent plot points for many popular shows. Narratives that portray important social issues could potentially affect the ways individual viewers understand such incidents in the real world, so it is important to pay close and critical attention to the stories about rape that are broadcast to mass audiences. In *Assault on the Small Screen: Representations of Sexual Violence on Prime Time Television Dramas*, Molly Ann Magestro examines the ways in which police and legal dramas on network and cable channels portray rape narratives. In this discussion, the author focuses on eight successful shows: *NCIS*, *Criminal Minds*, *CSI*, *The Closer*, *Rizzoli Isles*, *Dexter*, *Law and Order: Special Victims Unit*, and *The Good Wife*. Each chapter offers a close reading and analysis of how one or more of the shows represent rape narratives and rape victims in ways that more or less address feminist understandings of rape and rape culture. The arguments in each chapter explore the specific narrative content of individual series rather than a single critical approach. Each of the eight shows considered within the book is the focus of its own argument, as the representations of rape narratives on television are as complex as issues surrounding rape can be in the real world. In a time when rape narratives are frequently making headlines, taking the time to examine and understand the messages broadcast by a medium as ubiquitous as television serves an important role in developing an understanding of rape culture. A significant step toward this understanding, *Assault on the Small Screen* will be of interest to scholars of film and television, media studies, gender studies, criminology, and sociology.

A Very Seductive Body Politic Nicoletta Marini Maio, 2015-10-21 T00:00:00+02:00 This volume maps the multilayered narratives created in cinema on and around Silvio Berlusconi as a means of exploring the age of Berlusconi. The analysis crosses chronological and generic boundaries stretching back to the comedy *Italian Style*, which foreshadows the symbolic meanings incarnated by Berlusconi before he actually entered the public stage. The book delineates a comprehensive cinematic corpus and focuses on a selection of narrative and documentary films from the proto-Berlusconi *everyman of La pi bella serata della mia vita* (The Most Wonderful Evening of My Life, 1972) by Ettore Scola to the Berlusconi pretext for political self-reflection of *Arance e martello* (Oranges and Hammer, 2014) by Diego Bianchi. The author argues that the Berlusconi in these films represents not only the historical persona but also a pervasive semiotic category in which the recent history of the country is inscribed and Italian society mirrors itself.

Blackballed Lawrence Ross, 2025-06-25 College is a word that means many things to many people: a space for knowledge, a place to gain lifelong friends, and an opportunity to transcend one's socioeconomic station. Today, though, this word also recalls a slew of headlines that have revealed a dark and persistent world of racial politics on campus. Does this association disturb our idealized visions of what happens behind the ivied walls of higher learning? It should, because campus

racism on college campuses is as American as college football on Fall Saturdays From Lawrence Ross author of The Divine Nine and the leading expert on sororities and fraternities Blackballed is an explosive and controversial book that rips the veil off America's hidden secret America's colleges have fostered a racist environment that makes them a hostile space for African American students Blackballed exposes the white fraternity and sorority system with traditions of racist parties songs and assaults on black students and the universities themselves who name campus buildings after racist men and women It also takes a deep dive into anti-affirmative action policies and how they effectively segregate predominately white universities providing ample room for white privilege A bold mix of history and the current climate Blackballed is a call to action for universities to make radical changes to their policies and standards to foster a better legacy for all students

Reinventing the Good Life Jeannette Pols , 2023-12-04 Ever since Adam Smith s musings on the invisible hand became more famous than his work on moral sentiments social theorists have paid less attention to everyday ethics and aesthetics Smith s metaphor of the invisible hand posits that social outcomes emerge by dint of the behaviours of individuals rather than their intentions or virtues Modernist and scientific approaches to determining the common good or good forms of governance have increasingly relied on techniques of generalisation and rationalisation This shift has meant that we no longer comprehend why and how people display a deep concern for everyday life values in their social practices People continue to enact these values and live by them while academics lack the vocabulary and methods to grasp them By reconstructing the history of ideas about everyday life values and by analysing the role of such values in contemporary care practices for patients with chronic disease in the Netherlands Reinventing the Good Life explores new ways to study the values of everyday life particularly in situations where the achievement of a clear cut or uniform good is unlikely The book presents a practice based epistemology and methodology for studying everyday care practices and supporting their goodness This analytical approach ultimately aims to generate ideas that will allow us to relate in more

Shadow of My Shadow Jennifer Doyle, 2024-07-15 Over the course of two years Jennifer Doyle filed multiple harassment

complaints with her campus's Title IX office and one with the Department of Labor. Her experiences with these complaints and how they subsequently impacted her life have led to this book. *Shadow of My Shadow* Doyle tells her personal story sharing how she lost her sense of voice, felt exposed at work, became distrustful of students and colleagues, and was consumed by grief. Working across autobiography, literary criticism, an analysis of the Larry Nassar Title IX case, and a larger institutional critique of harassment administration, Doyle shows that harassment is at once intimate, dynamic, and intensely social, flourishing in neglected social spaces. In her own case, it profoundly reshaped her relationship to her work, her writing, and ultimately to herself. As Doyle explains, the experience drew out the distance between herself in the world and herself on the page. This book is her effort to understand and repair that breach and to consider how loss and grief can be sources of insight and compassion.

Undeclared Chris Higgins, 2024-05-14 An imaginative tour of the contemporary university as it could be, a place to discover self-knowledge, meaning, and purpose. What if college were not just a means of acquiring credentials but a place to pursue our formation as whole persons striving to lead lives of meaning and purpose? In *Undeclared*, Chris Higgins confronts the contemporary university in a bid to reclaim a formative mission for higher education. In a series of searching essays and pointed interludes, Higgins challenges us to acknowledge how far our practices have drifted from our ideals, asking, "What would it look like to build a college from the ground up to support self-discovery and personal integration? What does it mean to be a public university, and are there any left? How can the humanities help the jobified university begin to take vocation seriously?" Cutting through the underbrush of received ideas, Higgins follows the insight where it leads, clearing a path from the corporate multiversity to the renaissance in higher education that was Black Mountain College, and back again. Along the way, we tour a campus bent on becoming a shopping mall, accompany John Dewey through a midlife crisis, and witness the first happening. Through diverse and grounded philosophical engagements, *Undeclared* assembles the resources to expand the contemporary educational imagination.
