perspectives It opens the space for more creative legal thinking when dealing with and analysing biodiversity related disputes *Acid Mine Drainage in South Africa* Suvania Naidoo, 2016-10-13 This SpringerBrief focuses on Acid Mine Drainage AMD in the three basins in the Witwatersrand South Africa It provides a background to AMD and its impacts from a social science perspective The South African government and non governmental organizations response to AMD is assessed as well the socio economic and developmental effects of AMD This volume which is based on the author s Master s dissertation at UNISA involves interviews with a range of experts in the field from government departments environmental organisations activists the private sector mining tourism sector and the agricultural sector The book discusses existing policy documents on AMD and provides recommendations in response to the many socio economic impacts which have not been fully addressed A literature review on the global context of AMD is provided South Africa s water systems are already severely harmed by climate change different forms of pollution and poorly managed sanitation systems For these reasons the country is becoming increasingly water stressed and therefore water will continue to become much scarcer in the future As a result of AMD s continued impact on South Africa s water systems as a technical or scientific matter as well as the policy implications for the mining sector water security and socio economic sustainability has become a highly contested issue

**Sociology in South Africa** R. Sooryamoorthy, 2016-08-13 This book is the first comprehensive account of the history and current state of South African sociology Providing a holistic picture of the subject both as it is taught in universities and as a field of research it reveals the trajectories of a discipline in a challenging socio political context With the support of historical and scientometric data it demonstrates how the changing political situation from colonialism to apartheid to democracy has influenced the nature direction and foci of sociological research in the country The author shows how during the apartheid era sociology was professionally fragmented and divided along language and race lines It was however able to flourish with the advent of democracy in 1994 and has become a unique academic movement This insightful work will appeal to students and scholars of the social sciences and all those interested in the history and society of South Africa **Routledge**

**Handbook of Food as a Commons** Jose Luis Vivero-Pol, Tomaso Ferrando, Olivier De Schutter, Ugo Mattei, 2018-12-17 From the scientific and industrial revolution to the present day food an essential element of life has been progressively transformed into a private transnational mono dimensional commodity of mass consumption for a global market But over the last decade there has been an increased recognition that this can be challenged and reconceptualized if food is regarded and enacted as a commons This Handbook provides the first comprehensive review and synthesis of knowledge and new thinking on how food and food systems can be thought interpreted and practiced around the old new paradigms of commons and commoning The overall aim is to investigate the multiple constraints that occur within and sustain the dominant food and nutrition regime and to explore how it can change when different elements of the current food systems are explored and re imagined from a commons perspective Chapters do not define the notion of commons but engage with different schools of thought the

economic approach based on rivalry and excludability the political approach recognizing the plurality of social constructions and incorporating epistemologies from the South the legal approach that describes three types of proprietary regimes private public and collective and different layers of entitlement bundles of rights and the radical activist approach that considers the commons as the most subversive coherent and history rooted alternative to the dominant neoliberal narrative These schools have different and rather diverging epistemologies vocabularies ideological stances and policy proposals to deal with the construction of food systems their governance the distributive implications and the socio ecological impact on Nature and Society The book sparks the debate on food as a commons between and within disciplines with particular attention to spaces of resistance food sovereignty de growth open knowledge transition town occupations bottom up social innovations and organizational scales local food national policies South South collaborations international governance and multi national agreements Overall it shows the consequences of a shift to the alternative paradigm of food as a commons in terms of food the planet and living beings

R. van de Vijver, 2022-02-02 Identity is a construct strongly rooted and still predominantly studied in Western or WEIRD Western educated industrialized rich and democratic contexts e g North American and Western European Only recently has there been more of a conscious effort to study identity in non Western or non WEIRD contexts This edited volume investigates identity from primarily a non Western perspective by studying non Western contexts and non Western minority or immigrant groups living in Western contexts The contributions a examine different aspects of identity e g personal identity social identity online identity as either independent or interrelated constructs b consider the associations of these constructs with aspects of intergroup relations acculturative processes and or psychological well being c document the advancement in research on identity in underrepresented groups contexts and regions such as Africa Asia Eastern Europe the Middle East and South America and d evaluate different approaches to the study of identity and the implications thereof This book is intended for cultural or cross cultural academics practitioners educators social workers postgraduate students undergraduate students and scholars interested in studying identity It provides insight into how identity in non Western groups and contexts may both be informed by and may inform Western theoretical perspectives

**Rethinking Revolution** Leo Panitch, Greg Albo, 2016-12 One hundred years ago October 1917 galvanized leftists and oppressed peoples around the globe and became the lodestar for 20th century politics Today the left needs to reckon with this legacy and transcend it Social change as it was understood in the 20th century appears now to be as impossible as revolution leaving the left to rethink the relationship between capitalist crises as well as the conceptual tension between revolution and reform Populated by an array of passionate thinkers and thoughtful activists *Rethinking Revolution* reappraises the historical effects of the Russian revolution positive and negative on political intellectual and cultural life and looks at consequent revolutions after 1917 Change needs to be understood in relation to the distinct trajectories of radical politics in different regions But the main purpose of this Socialist Register edition one century

after Red October is to look forward to what might happen next Acclaimed authors interrogate and explore compelling issues including Greg Albo New socialist strategies or detours Jodi Dean Are the multitudes communing Revolutionary agency and political forms today Adolph Reed Are racial minorities revolutionary agents Zillah Eisenstein Revolutionary feminisms today Nina Power Accelerated technology decelerated revolution David Schwartzman Beyond global warming Is solar communism possible Andrea Malm Revolution and counter revolution in an era of climate change Modern Trends in Diatom Identification Gabriel Cristóbal, Saúl Blanco, Gloria Bueno, 2020-05-28 High resolution images of phytoplankton cells such as diatoms or desmids which are useful for monitoring water quality can now be provided by digital microscopes facilitating the automated analysis and identification of specimens Conventional approaches are based on optical microscopy however manual image analysis is impractical due to the huge diversity of this group of microalgae and its great morphological plasticity As such there is a need for automated recognition techniques for diagnostic tools e g environmental monitoring networks early warning systems to improve the management of water resources and decision making processes Describing the entire workflow of a bioindicator system from capture analysis and identification to the determination of quality indices this book provides insights into the current state of the art in automatic identification systems in microscopy *Digital Technologies and the Evolving African Newsroom* Hayes Mabweazara, 2016-04-14 African newsrooms are experiencing the disruptive impact of new digital technologies on the way they generate and disseminate news Indeed newsrooms are being forced to adapt in various ways and there are clear dimensions of localized creativity and adaptations by journalists to the digital revolution In the same way the influences of digitization Internet and social media are changing the informational needs of readers including how they engage with news These developments nonetheless remain on the margins of mainstream journalism research very few researchers have sought to qualitatively capture the implications of developments in digital technologies on the routine practices of African journalists especially in their natural habitat the newsroom In this light this edited volume interrogates the changing ecology of newsmaking in Africa in the context of rapid technological changes in newsrooms as well as in the wider social context of news production It brings together six contributions drawn from five countries Egypt Mozambique South Africa Nigeria and Zimbabwe to explore practices challenges and professional normative dilemmas emerging with the adoption and appropriation of new technologies While the studies point to dimensions of localised new technology appropriations as defined by the complex socio political structures in which African journalists operate they are not rigidly confined to Africa They are expressly in dialogue with theoretical observations largely emerging from Western scholarship In this sense the book goes beyond simply mainstreaming African perspectives it engages directly with dominant theoretical observations and offers a point of departure for developing what could loosely be branded as an African digital journalism epistemology This book was originally published as a special issue of Digital Journalism *Storm over South Africa* Michael G. Bergen, 2016-08-17 Storm over South Africa follows the lives and tribulations of a diverse group

of characters through the Second Anglo Boer War from 1899 to 1902 in South Africa They belonged to different levels of the opposing societies and the story follows their actual life and death experiences in this conflict The characters include the seventeen year old son of a Boer president a young shipbuilding dock worker and his military nurse girlfriend from the industrial northeast of England and a young Canadian soldier who volunteered for Canadas first campaign outside its borders Involved too are such illustrious British participants as Winston Churchill Field Marshal Frederick Roberts and the generals Kitchener Ian Hamilton and Robert Baden Powell among others Boer leaders involved include the generals Christiaan de Wet Louis Botha Koos de la Rey and Jan Smuts The reader is guided through the various twists and turns of the first major British conflict of the twentieth century from its beginning through to its end The naivety and excitement of combatants in the lead up to and beginning of the Second Anglo Boer War was contagious It pulled many naive young men into the maelstrom of combat The failures frustrations disappointments disillusionments and suffering soon emerged It is a tale of imperial arrogance determination stubbornness innocence love and loss experienced in a rugged and alluring land far from the heart of the British Empire

*Students Must Rise* Ann Heffernan,Noor Nieftagodien,Sifiso Mxolisi Ndlovu,Bhekizizwe Peterson,2016-06-01 A detailed account of the incredibly influential Soweto Student Uprising of 1976 The Soweto Student Uprising of 1976 was a decisive moment in the struggle against apartheid It marked the expansion of political activism to a new generation of young activists but beyond that it inscribed the role that young people of subsequent generations could play in their country s future Since

that momentous time students have held a special place in the collective imaginary of South African history Drawing on research and writing by leading scholars and prominent activists Students Must Rise takes Soweto 76 as its pivot point but looks at student and youth activism in South Africa more broadly by considering what happened before and beyond the Soweto moment Early chapters assess the impact of the anti pass campaigns of the 1950s of political ideologies like black consciousness as well as of religion and culture in fostering political consciousness and organisation among youth and students in townships and rural areas Later chapters explore the wide reaching impact of June 16th itself for student organisation over the next two decades across the country Two final chapters consider contemporary student based political movements including RhodesMustFall and FeesMustFall and historically root these in the long and rich tradition of student activism in South Africa 2016 marks the 40th anniversary of the 1976 June 16th uprisings This book rethinks the conventional narrative of youth and student activism in South Africa by placing that most famous of moments the 1976 students uprising in Soweto in a deeper historical and geographic context
