Myth and the Greatest Generation Kenneth Rose, 2013-05-13 Myth and the Greatest Generation calls into question the glowing paradigm of the World War II generation set up by such books as The Greatest Generation by Tom Brokaw Including analysis of news reports memoirs novels films and other cultural artefacts Ken Rose shows the war was much more disruptive to the lives of Americans in the military and on the home front during World War II than is generally acknowledged Issues of racial labor unrest juvenile delinquency and marital infidelity were rampant and the black market flourished This book delves into both personal and national issues calling into questions the dominant view of World

War II as The Good War *The Great Northern Railway* , Written by historians at Harvard Business School Mississippi State U and St Cloud State U Minn this history details the development and day to day affairs of this powerful business and the careers of the main figures instrumental in its operation This definitive work first published by **The Pacific in the Age of Early Industrialization** Kenneth Pomeranz,2017-05-15 The essays selected for this volume show how the Pacific rapidly became part of an industrializing world Its raw materials notably rubber and copper were critical some of its handicraft industries were devastated by mechanized competition others survived and adapted contributing to distinctive patterns of industrialization that made Japan a new center of power and also laid the groundwork for later growth in Taiwan Korea and coastal China The Pacific coast of the Americas was also first drawn into an industrial world largely as an exporter of raw materials but North and South diverged rapidly portending futures even more different than those of Northeast and Southeast Asia By the 1930s when the uneven effects of industrialization would have much to do with plunging the Pacific into war one can already glimpse in outline the structural bases for many of the region s contemporary characteristics All this is set in context in the important introduction by Kenneth Pomeranz **Underwater Archaeology of a Pacific Battlefield** Jennifer F. McKinnon,Toni L. Carrell,2015-08-07 Battlefields have been the object of fascination for millions of tourists and the subjects of elaborate interpretation projects This volume will outline the process and results of developing the WWII Maritime Heritage Trail Battle of Saipan Project This book will provide examples of how a group of archaeologists managers and a community took a specific battle and transformed it from a collection of unknown archaeological sites into a comprehensive storied battlescape that reflects the individuals and actions of those who were involved It will provide an in depth view of current maritime archaeological research on submerged battlefield sites the development of a WWII battlefield maritime heritage trail as well as the problems and solutions of such an effort It will cover subjects such as heritage and dark tourism conflict or battlefield archaeology public interpretation and community engagement This volume will serve as a practical review of a project influenced by a range of complementary areas of study and inclusive of many stakeholders from the public to the professional and beyond It provides an example of a balanced approach towards research and interpreting archaeological sites through the identification and inclusion of the various stakeholders professional and community and an awareness of what was being included ignored or inadequately represented in the research and interpretation **London Calling** ,1947 **God's Country** Samuel Goldman,2018-03-20 God s Country tells the complete story of Christian Zionism in American political and religious thought from the Puritans to 9 11 Combining original research with insights from the work of historians of American religion Samuel Goldman provides an accessible yet provocative introduction to Americans attachment to the State of Israel **Catalog of Copyright Entries.
