Resources in Education , 2000 School and District Leadership in an Era of Accountability Bruce G. Barnett, Alan R. Shoho, Alex J. Bowers, 2013-09-01 Our fourth book in the International Research on School Leadership series focuses on school leadership in an era of high stakes accountability Fueled by sweeping federal education accountability reforms such as the United States No Child Left Behind NCLB and Race to the Top R2T and Australia s Performance Measurement and Reporting Taskforce school systems around the world are being forced to increase academic standards participate in high stakes testing and raise evaluation standards for teachers and principals These results driven reforms are intended to hold educators accountable for student learning and accountable to the public Anderson 2005 p 2 emphasis in original While policymakers and the public debate the merits of student achievement accountability measures P 12 educational leaders do not have the luxury to wait for clear guidance and resources to improve their schools and operating systems Instead successful leaders must balance the need to create learning communities manage the organizational climate and encourage community involvement with the consequences testing has on teacher morale and public scrutiny The chapters in this volume clearly indicate that as school leaders attend to these potentially competing forces this affects their problem solving strategies ability to facilitate change and encourage community involvement We were delighted with the responses from colleagues around the world who were eager to share their research dealing with how leaders are functioning effectively within a high accountability environment The nine chapters in this volume provide empirical evidence of the strategies school leaders use to cope with problems and negotiate external demands while improving student performance In particular the voices and actions of principals superintendents and school board members are captured in a blend of quantitative and qualitative studies The breadth of studies is impressive ranging from case studies of individual principals to cross district comparisons to national data from the National Center for Education Statistics To highlight important findings we have organized the book into five sections The first section Chapters 2 3 and 4 highlights the problem solving strategies used by principals and superintendents when pressured to turn around low performing schools In the second section Chapters 5 and 6 attention is devoted to ways in which school leaders act as buffers by reducing the impact of external demands within their local school contexts Next Chapters 7 and 8 explore creative ways in which financial analyses can be used to assess the cost effectiveness of programs and services Chapters 9 and 10 examine how principals enact their instructional leadership roles

in managing curriculum reforms and evaluating teachers Finally in the last section Chapter 11 Kenneth Leithwood synthesizes the major themes and ideas emerging across these chapters paying particular attention to practical issues influencing school leaders in this era of school reform and accountability as well as promising areas for future research

Recluse Wang Fu, 2025-06-03 Under the Eastern Han dynasty 25-220 CE a self-described recluse wrote a series of essays denouncing the evils of his time: assailing corruption, misrule, and neglect of the common people. Wang Fu's *Essays of a Recluse* (Qianfulun) offers a rare outsider view of culture, society, and government during this period. This book presents the first full English translation of the Qianfulun, one of the most significant works to survive from the Eastern Han period. Wang's essays range across moral philosophy, cosmology, education, military affairs, and conflict in the borderlands. The essays decry governmental corruption and rampant litigiousness, as well as the callous neglect of the poor and the exploitation of women. To remedy these failures, Wang Fu calls for heeding the wisdom of the classics and implementing procedures for recruiting worthy officials. His focused interest in the common people and sensitivity to their travails make *Essays of a Recluse* a rich source of information about daily life during the Eastern Han period, providing insights into folk religion, divination, marriage practices, and the legal system. Widely admired in his lifetime, Wang's essays were later singled out by Han Yu (768-824 CE) as one of the three great works of the period. Anne Behnke Kinney and John S. Major's expert translation makes an important but notoriously complex and difficult work accessible to a range of English language readers.
