Chen,2020-10-26 Emperor Taizong r 626 49 of the Tang is remembered as an exemplary ruler This study addresses that aura of virtuous sovereignty and Taizong s construction of a reputation for moral rulership through his own literary writings with particular attention to his poetry The

author highlights the relationship between historiography and the literary and rhetorical strategies of sovereignty contending that for Taizong and for the concept of sovereignty in general politics is inextricable from cultural production The work focuses on Taizong s literary writings that speak directly to the relationship between cultural form and sovereign power as well as on the question of how the Tang negotiated dynastic identity through literary stylistics The author maintains that Taizong s writings may have been self serving at times representing strategic attempts to control his self image in the eyes of his court and empire but that they also become the ideal image to which his self was normatively bound This is the paradox at the heart of imperial authorship Taizong was simultaneously the author of his representation and was authored by his representation he was both subject and object of his writings The Complete Idiot's Guide to Coaching for Excellence Jane Creswell MCC,2008-10-07 The last word in one on one coaching for productivity in business The most effective way for companies to achieve goals is by energizing their most important asset their staff From the executive suite to the assembly line each staff person is a member of a team However keeping that team motivated is no easy task until now with this powerful model of coaching outlined by a master coach In any workplace large or small this program motivates for power growth and success Expert author and master coach Covers individual coaching methods for everything from the smallest businesses to the biggest corporations to faith based organizations and churches Applies the lifecoach phenomenon to the workplace Includes a list of coaching resources *Organizational Realities* William H.
