Paediatric Exams Survival Guide Mrcpch Study Guides:

Paediatric Exams Paul Gaon, 2000 A collection of key points and methods for passing the written and clinical parts of paediatric exams The text includes general rules on how to attempt the commonly asked questions ways of approaching complicated paediatric topics and tips for the clinical examination **Short Cases for Paediatric Exams** Adam W.

Glaser, John McIntyre, Malcolm Battin, 2000 This unique book covers 150 of the most commonly examined short cases Comprehensive yet concise the text follows a standard format to facilitate review and includes information on physical signs associations and key features Emphasizes how to optimize preparation for this part of the exam and how to approach it effectively Also provides details of the examiner's scoring system for further guidance **MRCPCH part 2** Kate H.

Creese, Colin V. E. Powell, Patrick Cartledge, 2008 This title is directed primarily towards health care professionals outside of the United States It is a revision book of questions and answers for Part 2 of the MRCPCH exam all in the new examination format Questions have been written in the three styles used in the new examination Over 200 questions Explanatory answers and discussion Introduction on the new exam format and how to revise for it Based on *Current Paediatrics* the journal aimed at trainees **Circuits for the MRCPCH** Damian Roland, Shabna Rajapaksa, Richard Neal, 2007 This title is directed

towards MRCPCH candidates in the UK and other countries where MRCPCH is offered It provides a complete revision aid for the new OSCE style MRCPCH clinical exam It is designed and written to be as close as possible to the actual exam Each chapter is a circuit and will include all the written stations The questions are laid out in exactly the same format as the exam and the answers are written in a friendly style by authors who have recently been through the process and can offer valuable hints and tips Sample questions mimic exam conditions there are no clues to the answers as is usually the case in more traditional system based books The fully explanatory answers provide not only clinical information but a framework for answering similar questions extremely useful on the actual day of the exam Can be used at the beginning of the revision process to check progress and highlight weaknesses Can also be used as a last minute check right at the end of revision to be sure all bases have been covered Ideal for group revision work especially for the communication and role play stations
