Pakistan Atomic Energy Commission Pakistan Engineering Congress:

Pakistan's Nuclear Weapons Bhumitra Chakma, 2012-10-12 Pakistan is a vitally important country in the contemporary global political system. It is a de facto nuclear state and a pivotal country in the War on Terror. This book provides a comprehensive study of a nuclear armed Pakistan investigating the implications of its emergence as a nuclear weapons state. Setting out the historical background of Pakistani nuclear development, the book examines the lessons for proliferation that can be drawn from the Pakistan case. It explains the changes and continuities of Pakistan's nuclear policy, assessing its emerging force posture and the implications for Pakistani South Asian and global security. It also considers the extent to which Pakistan can be said to have a nuclear doctrine, the Pakistani nuclear command and control system, and the relationship between Pakistan and the Non Proliferation regime. Addressing the issue of whether Pakistan should be viewed as a proliferator and the implications of a nuclear Pakistan for global terrorism, *Pakistan's Nuclear Weapons* is an important study of all the major issues surrounding Pakistan's emergence as a nuclear power. *West Pakistan Engineering Congress*

West Pakistan Engineering Congress, 1974 **Strategic Dynamics and Nuclear Weapons Proliferation in South Asia** Bhumitra Chakma, 2004 This book analyses India and Pakistan's decision to go nuclear against the odds of Nuclear Non Proliferation Treaty based nuclear order. It reflects upon the key factors that contributed to and the process that prompted India and Pakistan's nuclear programmes to take a military orientation which eventually culminated in the May 1998 nuclear tests. It also explains the motivation which underscored both India and Pakistan's determination to advance nuclear postures in 1998 that appeared to be inconsistent with the post Cold War global strategic environment. Further, this book explains why international and regional nuclear non proliferation regimes were ineffective in preventing India and Pakistan from going nuclear. **Accessions List, South Asia** Library of Congress.
