**Hamlet** R. S. White,2015-09-10 *Hamlet* stands as a high water mark of canonical art yet it has equally attracted rebels and experimenters those avant garde writers dramatists performers and filmmakers who in their adaptations and appropriations seek new ways of expressing innovative and challenging thoughts in the hope that they can change perceptions of their own world One reason for this as the book argues is that the source text that is their inspiration was written in the same spirit

Hamlet as a work of art exhibits many aspects of the vanguard movements in every society and artistic milieu an avant garde vision of struggle against conformity which retains an edge of provocative novelty Accordingly it has always inspired unorthodox adaptations and can be known by a neglected portion of the company it keeps the avant garde in every age After placing Hamlet alongside cutting edge works in Shakespeare s time such as Marlowe s Doctor Faustus and Kyd s The Spanish Tragedy chapters deal with the ways in which experimental writers theatre practitioners and film makers have used the play down to the present day to develop their own avant garde visions This is a part of the uncanny ability of Shakespeare s Hamlet to be ever now ever new

James, 2017-11-14 A WASHINGTON POST NOTABLE BOOK Six stories from the beloved Queen of Crime swift cunning murder mysteries from throughout her extraordinary career A sophisticated collection Stylishly told and worthy of being read aloud by the fire The New York Times Book Review An unexpected delight This small collection is indeed a gift James skills at complicating the genre are never more apparent than here USA Today When it comes to crime it's not always a question of who dunnit Sometimes there's more mystery in the why or the how And what about the clever few who carry out what appears to be the perfect crime Or whose most essential selves are changed by the crimes they commit And what about those who know the identity of the murderer but keep the information to themselves These are some of the questions that these six stories begin to unlock as they draw us into the inner workings the thoughts and emotional machinations the recollections and rationalizations the dreams and desires behind both murderous cause and effect And no one gets inside the head of a perpetrator or makes it a peerlessly thrilling and entertaining read like the incomparable P D James *Tandem Dances* Julia M. Ritter, 2021 *Tandem Dances* Choreographing Immersive Performance is the first book to propose dance and choreography as frames through which to examine immersive theatre more broadly known as immersive performance Indicative of a larger renaissance in storytelling during the digital age immersive performance is influenced by emerging computer technologies such as virtual reality and advances in video gaming as well as increased interest in new forms of experiential entertainment The idea of tandemness suggesting motion that is achieved by two bodies working together and acting in conjunction with one another is critical throughout the book Author Julia M Ritter persuasively argues that practitioners of immersive productions deploy choreography as a structural mechanism to mobilize the bodies of cast and audience members to perform together Furthermore choreography is contextualized as an effective tool for facilitating audience participation towards immersion as an affect Through a focus on Western dance histories theories and practices Ritter's close choreographic analysis of immersive productions along with unique insights from choreographers directors performers and spectators enlivens discourse across dramaturgy kinesthesia affect and co
