game in today's market is a challenging endeavor. Thousands of titles are published yearly, all competing for players' time and attention. Game analytics has emerged in the past few years as one of the main resources for ensuring game quality, maximizing success, understanding player behavior, and enhancing the quality of the player experience. It has led to a paradigm shift in the development and design strategies of digital games, bringing data-driven intelligence practices into the fray for informing decision-making at operational, tactical, and strategic levels.

Game Analytics: Maximizing the Value of Player Data is the first book on the topic of game analytics, the process of discovering and communicating patterns in data towards evaluating and driving action, improving performance, and solving problems in game development and game research. Written by over 50 international experts from industry and research, it covers a comprehensive range of topics across more than 30 chapters, providing an in-depth discussion of game analytics and its practical applications. Topics covered include monetization strategies, design of telemetry systems, analytics for iterative production, game data mining, and big data in game development, spatial analytics, visualization, and reporting of analysis, player behavior analysis, quantitative user testing, and game user research. This state-of-the-art volume is an essential source of reference for game developers and researchers. Key takeaways include: Thorough introduction to game analytics, covering analytics applied to data on players, processes, and performance throughout the game lifecycle; In-depth coverage and advice on setting up analytics systems and developing good practices for integrating analytics in game development and management; Contributions by leading researchers and experienced professionals from the industry, including Ubisoft, Sony, EA, BioWare, Square Enix, THQ, Volition, and PlayableGames; Interviews with experienced industry professionals on how they use analytics to create hit games.

Guinness World Records 2018 Gamer's Edition Guinness World Records, 2017-09-18. From the global authority in record-breaking comes the 11th edition of the world's best-selling videogames annual. Packed with the latest records, coolest stars, and the biggest games, the Guinness World Records Gamer's Edition is the go-to bible for every gaming fan. Just ask the five million readers who've made it an international sensation. Inside, you'll find amazing stats, thrilling facts, inspirational tales, lightning-quick speed runs, and dazzling photos. Read about the records behind your favorite games, including Mario, Overwatch, FIFA, WWE, and Rocket League, plus a recap on a year of crazy Poké-mon GO stories. Go behind the scenes of the world's longest-running eSports organizer. Spook yourself silly with real-life videogame mysteries. Check out the fastest videogame completions. And gaze in envy at the world's largest Zelda and Tomb Raider collections. You'll also meet gaming heroes such as the world's oldest games YouTuber at 81, a man with a real-life cyborg arm that was inspired by Deus Ex, and the kingpin of eSports fighting games. But the videogame stars don't get much bigger than DanTDM, whose Minecraft channel has been watched nearly 10 billion times. So we're thrilled he's written a special intro just for the Guinness World Records Gamer's Edition. Speaking of heroes, grab your cape and turn to this year's special chapter featuring superhero games. It's hard to believe it's been nearly 40 years since Superman first exploded onto our consoles. So we're celebrating with your favorite
