Rico Hollmach,2018-11-07 This book examines Toni Morrison s highly influential works through the lens of philanthropy The point of departure of this endeavor is the keen observation that philanthropy has always played a leading role in US discourses about the nation itself While doing so time and again philanthropy has also been used as a means of social stratification especially for so called social minorities such as the African American community whose historical experience within the United States is at the very heart of Morrison s novels This book pursues the goal of a twofold understanding on the one hand through offering a rather innovative access to Morrison s works the project allows for new insights into one of today s most influential authors On the other hand this book explores the productivity of the concept of philanthropy for literary and cultural studies a concept hitherto largely neglected by scholars in both academic fields **A Home Elsewhere**

Florian König,2009 Seminar paper from the year 2009 in the subject American Studies Literature grade 1 3 [http://www.uni-jena.de/course/African America in the Historical Novel language English abstract who in novels characterized by visionary force and poetic import](http://www.uni-jena.de/course/African%20America%20in%20the%20Historical%20Novel/language/English/abstract/who%20in%20novels%20characterized%20by%20visionary%20force%20and%20poetic%20import) gives life to an essential aspect of American reality This statement by the Swedish Academy seems an appropriate description of Nobel Prize laureate Toni Morrison Her novel Jazz which was first published in 1992 is set in the Harlem of the 1920s and re creates an essential aspect of African American history the Harlem Renaissance In this project on the subject of African America in the Historical Novel I want to examine Morrison s fictional representation of the afrorementioned era in relation to nonfictional depictions provided by significant writers of this epoch who explored the implications of jazz and the development of African American culture during the actual historical period in which Morrison s novel is set Therefore her own narrative approach to history will be compared to the views Harlem Renaissance contemporaries such as Alain Locke and F Scott Fitzgerald articulated in their assessments of this particular epoch of African American experience Selected parts of the Survey Graphic s issue Harlem Mecca of the New Negro edited by Alain Locke and foundation for his groundbreaking anthology The New Negro as well as Fitzgerald s notable essay Echoes of the Jazz

Age2 will be taken into consideration when evaluating Morrison s historical reconstruction of how the Harlem Renaissance or how Fitzgerald calls it the Jazz Age shaped and expressed African American identity Alien Plots Inez van der Spek,2000-02-01 At the heart of this stimulating and provocative study is a science fiction story by James Tiptree Jr Alice Sheldon Bradley 1916 1987 about a brother and a sister and 58 other human beings who encounter an alien while on a starship travelling to discover a habitable planet The book includes an outline of Tiptree s work and of her remarkable life as the only child of jungle explorers as a painter an American agent during and after World War II an experimental psychologist and a female science fiction writer in male disguise **Moral Spaces** David Campbell,Michael J. Shapiro,1999 **In a Shade of Blue** Eddie S. Glaude,2008-08-20 An audacious attempt to wrestle with the significant theoretical and political challenges of race religion and reason in our contemporary moment Corey D B Walker Journal of the American Academy of Religion In this provocative book Eddie S Glaude Jr one of our nation s rising young African American intellectuals makes an impassioned plea for black America to address its social problems by recourse to experience and with an eye set on the promise and potential of the future rather than the fixed ideas and categories of the past Central to Glaude s mission is a rehabilitation of philosopher John Dewey whose ideas he argues can be fruitfully applied to a renewal of African American politics According to Glaude Dewey s pragmatism when attentive to the darker dimensions of life or what we often speak of as the blues can address many of the conceptual problems that plague contemporary African American discourse How blacks think about themselves how they imagine their own history and how they conceive of their own actions can be rendered in ways that escape bad ways of thinking that assume a tendentious political unity among African Americans simply because they are black Drawing deeply on black religious thought and literature In a Shade of Blue seeks to dislodge such crude and simplistic thinking and replace it with a deeper understanding of and appreciation for black life in all its variety and intricacy In a Shade of Blue is a remarkable work of political commentary and to follow its trajectory is to learn how African Americans arrived at this critical moment in their cultural and political history and to envision where they might head in the twenty first century Romantic Postmodernism in American Fiction Eberhard Alsen,2023-12-21 Intended for teachers and students of American Literature this book is the first comprehensive analysis of romantic tendencies in postmodernist American fiction The book challenges the opinion expressed in the Columbia History of the American Novel 1991 and propagated by many influential scholars that the mainstream of postmodernist fiction is represented by the disjunctive and nihilistic work of such writers as Kathy Acker Donald Barthelme and Robert Coover Professor Alsen disagrees He contends that this kind of fiction is not read and taught much outside an isolated but powerful circle in the academic community It is the two part thesis of Professor Alsen s book that the mainstream of postmodernist fiction consists of the widely read work of the Nobel Prize laureates Saul Bellow and Toni Morrison and other similar writers and that this mainstream fiction is essentially romantic To support his argument Professor Alsen analyzes representative novels by Saul Bellow J D Salinger Norman Mailer Flannery O

Connor John Updike Kurt Vonnegut Philip Roth Thomas Pynchon Toni Morrison the later John Barth Alice Walker William Kennedy and Paul Auster Professor Alsen demonstrates that the traits which distinguish the fiction of the romantic postmodernists from the fiction of their disunctive and nihilist colleagues include a vision of life that is a form of philosophical idealism an organic view of art modes of storytelling that are reminiscent of the nineteenth century romance and such themes as the nature of sin or evil the negative effects of technology on the soul and the quest for transcendence

Book Review Digest ,2008 **Between the Angle and the Curve** Danielle

Russell,2006-04-14 In this study Russell explores the ways in which Willa Cather and Toni Morrison subvert the textual expectations of gendered geography and push against the boundaries of the official canon As Russell demonstrates the unique depictions Cather and Morrison create of the American landscape challenge existing assertions about American fiction Specifically Russell argues that looking at the intimate connections between space gender race and identity as they play out in the fiction of Cather and Morrison refutes the myth of a unified American landscape and thus opens up the territory of American fiction

Toni Morrison and the Queer Pleasure of Ghosts Juda Bennett,2014-11-13 Offers the first queer reading of all ten of Morrison's novels *Toni Morrison and the Queer Pleasure of Ghosts* radically intervenes in one of the most established and sacred topics in Toni Morrison scholarship love Moving beyond Morrison's representation of ghosts as the forgotten or occluded past Juda Bennett uncovers how Morrison imagines the spectral sphere as always already queer a provocation and challenge to heteronormativity with the ghost appearing as an active participant in disruptions of compulsory heterosexuality as a figure embodying closet desires or as a disembodied emanation that counterpoints homophobia From *The Bluest Eye* to *Home* Morrison's novels have included many queer ghosts that challenge our most cherished conceptions of love and speak to cultural anxieties about black sexualities gay marriage AIDS lesbian visibility and transgender identities Not surprisingly the scene stealing ghost Beloved appears at the very heart of this book but Bennett cautions against interpretative stasis inviting readers to break free of the stranglehold Beloved has had on imaginations so as

not to miss the full force of Morrison's lifelong project to queer love
