Epic and Empire in Vespasianic Rome Tim Stover, 2012-07-05 This volume offers a new interpretation of Flaccus Argonautica a Latin epic poem Stover's approach to the text is both formalist and historicist as he seeks not only to elucidate Flaccus dynamic appropriation of Lucan but also to associate the Argonautica's formal gestures within a specific socio political context

*From Christians to Europeans* Nancy Bisaha, 2023-06-15  
Providing the first in depth examination of Pope Pius II's development of the concept of Europe and what it meant to be European From Christians to Europeans charts his life and work from his early years as a secretary in Northern Europe to his papacy This volume introduces students and scholars to the concept of Europe by an important and influential early thinker It also provides Renaissance specialists who already know him with the fullest consideration to date of how and why Pius 1405-1464 constructed the idea of a unified European culture society and identity Author Nancy Bisaha shows how Pius's years of travel his emotional response to the fall of Constantinople in 1453 and the impact of classical ethnography and other works shaped this compelling vision with close readings of his letters orations histories autobiography and other works Europeans as Pius boldly defined them shared a distinct character that made them superior to the inhabitants of other continents The reverberations of his views can still be felt today in debates about identity ethnicity race and belonging in Europe and more generally This study explores the formation of this problematic notion of privilege and separation centuries before the modern era where most scholars have erroneously placed its origins From Christians to Europeans adds substantially to our understanding of the Renaissance as a critical time of European self fashioning and the creation of a modern Western identity This book is essential reading for students and scholars interested in the formation of modern Europe intellectual history cultural studies and the history of Renaissance Europe late medieval Italy and the Ottoman Empire

**Posthuman Community Psychology** Michael Richards, 2023-05-02. Posthuman Community Psychology is an exploration of mainstream psychology through a critical posthumanity perspective, examining psychology's place in the world and its relationship with marginalised people, with a focus on people with disabilities. The book argues that the history of modern psychology is underpinned by reductionism and individualism, which is embedded within the contemporary psychology that we know today, despite the challenges from critical and community psychologists who seek a more empowering, inclusive, and activist psychology. The posthuman community psychology ideas that emerge in this book

examine and intersect with mainstream psychology critical and community psychologies critical posthumanities and disability studies to propose an imaginative reflective and relational new psychology that represents a collection of possibilities that do not remain entrenched in older ways of thinking about humans and human connections Richards proposes that psychology has the potential to evolve and make a powerful and profound difference for marginalised people but a genuine desire for change from psychologists is essential for this to happen Illustrating the important considerations needed when examining the relationship between the discipline of psychology and marginalised people this book is fascinating reading for community psychology students and academics aspiring professional psychologists community workers and policy makers
