Impact Mentorship Equipo de Mentoreo de Impacto y Evangelismo Mesoamérica, 2023-03-30 The process of a cultural change in leadership in a great nation as Mesoamerica with cultural diversity can be steady but we recognize that it is important and necessary for the Christian identity and the commitment of its leaders and the laity The organizational culture is not something that can be defined only from above Although management usually sets guidelines that are essential the practice and interaction with the environment adds certain criteria partially modifying others That is why the process of the cultural changes in leadership to be applied with success needs a certain consensus among the implicated in the leadership and the local churches However to form such a new culture everyone's commitment is needed so the regional director missionaries area strategic coordinators district superintendents local church pastors the laity of a new generation that receive the calling of the ministry For that reason we have done a huge effort to get this book to your hands We hope this is a blessing and a challenge to walk along the new generations in the ministry and that we consider the experience the wisdom of all leaders that bring us this legacy in the shape of a book Impactful mentorship Together on the path of grace
