Harris,Patti Giuffre,2015-05-20 A number of recent books magazines and television programs have emerged that promise to take viewers inside the exciting world of professional chefs While media suggest that the occupation is undergoing a transformation one thing remains clear being a chef is a decidedly male dominated job Over the past six years the prestigious James Beard Foundation has presented 84 awards for excellence as a chef but only 19 were given to women Likewise Food and Wine magazine has recognized the talent of 110 chefs on its annual Best New Chef list since 2000 and to date only 16 women have been included How is it that women the gender most associated with cooking have lagged behind men in this occupation Taking the Heat examines how the world of professional chefs is gendered what conditions have led to this gender segregation and how women chefs feel about their work in relation to men Tracing the historical evolution of the profession and analyzing over two thousand examples of chef profiles and restaurant reviews as well as in depth interviews with thirty three women chefs Deborah A Harris and Patti Giuffre reveal a great irony between the present realities of the culinary profession and the traditional cultural associations of cooking and gender Since occupations filled with women are often culturally and economically devalued male members exclude women to enhance the job's legitimacy For women chefs these professional obstacles and other challenges such as how to balance work and family ultimately push some of the women out of the career Although female chefs may be outsiders in many professional kitchens the participants

in Taking the Heat recount advantages that women chefs offer their workplaces and strengths that Harris and Giuffre argue can help offer women chefs and women in other male dominated occupations opportunities for greater representation within their fields Click here to access the Taking the Heat teaching guide http://rutgerspress.rutgers.edu/pages/teaching_guide_for_taking_the_heat.aspx **Chicken - 50 Best Recipes** ,2011-03-31 **Chefs & Company** Maria Isabella,2017-10-10 What would an award winning chef cook if they were entertaining at their own home Seventy four award winning chefs share their favorite go tos for at home entertaining This book will include recipes from award winning and celebrity chefs such as Hugh Acheson Ming Tsai Lidia Bastianich and Rick Bayless Publisher s description **Cincinnati Magazine** ,1983-01 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region **Rust Belt Vegan Kitchen** Meredith Pangrace,2022-05-02 The author of Midwest Pie looks to move the needle on diverse plant based distinctively Midwestern cooking Michigan Stateside The Rust Belt Vegan Kitchen is a community cookbook created by professional and home chefs who live and work in the Rust Belt Recipes collected here represent the diversity of the region and include vegan versions of Polish pierogis Detroit coney dogs Hungarian paprikash Slovak kolaches Mexican conchas German sauerkraut balls Cincinnati chili Slovenian fish fry Chitterings and many more The cooks and chefs collected here offer stories about their recipes as well as family and culinary traditions The book also includes resources on how to stock a vegan pantry guides to useful equipment and basic how tos for veganizing staples Infusing old world recipes with a new level of creativity for a changing audience The Rust Belt Vegan Kitchen is unpretentious accessible and fun Some readers will want this book for the recipes some for the unpretentious shortcuts that Pangrace promises and some for the sheer crunchy wonder of the title concept Milwaukee Journal Sentinel **Practice to Deceive** Janet L.
