Billion users are connected to the internet and in the next decade the number of users will almost match the physical population of earth. Thousands of new products are being launched everyday world wide and the vendors need to advertise their products. The fastest space of advertising is Internet. The visibility of your product Jo Dikhta hai wo bikta hai is the key to success. How can the new vendors promote their sales? They do it directly or through affiliates. There are millions of affiliates who are ready to promote the products and earn up to 75 % commissions. Does this trigger your mind to think about the potential I m talking about? Apart from promoting other people s products if you produce your own products and sell through millions of affiliates you re your own boss. You can make money even when you sleep. The next couple of decades will revolutionize our living in each and every sphere of our life. Flying cars, driverless cars, bioengineering robots, hi tech factories with no humans, 3D printing, 3D social sites, Holographs, digitized monuments and so many other revolutions will make our lives worth living. People shall live 135 years or beyond on an average, print their food for dinner, watch holographs wherever they want to and use wearable tech gadgets to enjoy music, videos, latest information and so on. When you are living in the Information Age you simply cannot ignore the power of internet. The sooner you embark, better chances of making passive income. If you are able to create passive income you ll enjoy life fully as the worry of not having money or exchanging your time for making money will dissipate. I m a big believer that wealth is not a number or an amount, it s an attitude and the umbilical cord to attitude is gratitude. You simply need to change your mindset to think differently and the fruits will be truly rewarding for you and your loved ones. So fellows, Print Your Own Money and become happy.

**HR's Greatest Challenge**  
Richard P. Finnegan, 2015-10-01. Nothing contributes more to productivity than getting employees to give their best and stay. HR s Greatest Challenge shows HR leaders how to shift engagement and retention from secondary HR metrics to top tier business imperatives. With voluntary turnover at historic highs and employee engagement at alarming lows, this book makes the case for executives, not HR, to own these issues while HR plays a vital coaching and strategic role. It offers tools to translate turnover and disengagement into financial terms, train managers in stay interviews and forecast team stability with business focused precision. Practical, persuasive and data driven, this is the guide HR executives need to solve engagement and retention as business critical challenges.
