Palais Saint Cloud Bernard Chevallier:

King of the World Philip Mansel, 2020-09-01 Louis XIV was a man in pursuit of glory Not content to be the ruler of a world power he wanted the power to rule the world And for a time he came tantalizingly close Philip Mansel s King of the World is the most comprehensive and up to date biography in English of this hypnotic flawed figure who continues to captivate our attention This lively work takes Louis outside Versailles and shows the true extent of his global ambitions with stops in London Madrid Constantinople Bangkok and beyond We witness the importance of his alliance with the Spanish crown and his success in securing Spain for his descendants his enmity with England and his relations with the rest of Europe as well as Asia Africa and the Americas We also see the king s effect on the two great global diasporas of Huguenots and Jacobites and their influence on him as he failed in his brutal attempts to stop Protestants from leaving France Along the way we are enveloped in the splendor of Louis s court and the fascinating cast of characters who prostrated and plotted within it King of the World is exceptionally researched drawing on international archives and incorporating sources who knew the king intimately including the newly released correspondence of Louis s second wife Madame de Maintenon Mansel s narrative flair is a perfect match for this grand figure and he brings the Sun King s world to vivid life This is a global biography of a global king whose power was extensive but also limited by laws and circumstances and whose interests and ambitions stretched far beyond his homeland Through it all we watch Louis XIV progressively turn from a dazzling attractive young king to a belligerent reactionary who sets France on the path to 1789 It is a convincing and compelling portrait of a man who three hundred years after his death still epitomizes the idea of le grand monarque

A Cultural History of Furniture in the Age of Empire and Industry Catherine L. Futter, Christina M. Anderson, 2022-02-24 The 19th century in Western culture was a time of both confidence and turbulence Industrial development produced a growing middle class as well as efficiency convenience and innovation across a range of fields from engineering to architecture Alongside these improvements the century began with the extended period of the Napoleonic Wars and was further disrupted by rebellions and revolutions both within Europe and in India South America and other parts of the world Slavery was abolished and urbanization increased dramatically These myriad developments were reflected throughout the period in the proliferation of types of furniture along with their categorization as industrial art at the international exhibitions and world fairs and the increasingly adventurous range of materials that were sometimes used in their construction Nonetheless a strong antiquarian historicist strand also prompted interest in the revival of past styles in areas of art and design including furniture Drawing upon a wealth of visual and textual sources this volume of A Cultural History of Furniture presents essays that examine key characteristics of the furniture of the period on the themes of design and motifs makers making and materials types and uses the domestic setting the public setting exhibition and display furniture and architecture visual representations and verbal representations

Empress Eug?e and the Arts Alison McQueen, 2017-07-05 Reconstructing Empress Eug e s position as

a private collector and a public patron of a broad range of media this study is the first to examine Eugénie 1826-1920 whose patronage of the arts has been overlooked even by her many biographers The empress's patronage and collecting is considered within the context of her political roles in the development of France's institutions and international relations *Empress Eugénie and the Arts Politics and Visual Culture in the Nineteenth Century* also examines representations of the empress and the artistic transformation of a Hispanic woman into a leading figure in French politics Based on extensive research at architectural sites and in archives museums and libraries throughout Europe and in Britain and the United States this book offers in depth analysis of many works that have never before received scholarly attention including reconstruction and analysis of Eugénie's apartment at the Tuileries From her self definition as empress through her collections to her later days in exile in England art was integral to Eugénie's social and political position

un siècle de l'histoire de la manufacture de Sèvres dans ses différentes productions porcelaines terres vernissées sculptures en biscuit maux et vitraux Il s'agit pour la plupart de vases d'ornement et d'objets de toilette les services de tables payés sur la cassette des souverains leur ayant rendu après leur chute seules les assiettes du service historique de Fontainebleau sont toujours encastrées dans les boiseries où Louis Philippe les avait fait placer La politique de restitution des objets historiques a l'origine de la remise en place dans les appartements de la plupart des objets qui s'y trouvaient sous le premier Empire la monarchie de Juillet ou le second Empire et permet ainsi d'imaginer le décor dans lequel vécurent les souverains

Fontainebleau pendant tout le XIX^e siècle **Empire Style** Bernard Chevallier, 2008 Design **1810, le tournant de l'Empire** Fondation Napoléon, Souvenir napoléonien (Association), 2010 L'année 1810 peut sembler être une année vide dans le règne foisonnant de Napoléon Il ne livre pas de grandes batailles n'engage pas de grandes formes ne saisit pas l'importance d'une crise économique naissante Le seul événement notable est le mariage de l'Empereur et Marie Louise Il constitue cependant un tournant bien plus marqué qu'on a bien voulu le dire et Napoléon le laisse croire L'union franco autrichienne alourdit en effet le contentieux entre la France et la Russie Elle sauve l'Empire des Habsbourg du démembrement envisagé après Wagram Mais elle augmente aussi l'inquiétude de Murat roi de Naples Et surtout elle renforce le caractère monarchique d'un régime considéré jusque-là comme une dictature de salut public Aveuglement ou lassitude parallèlement l'Empereur laisse Bernadotte devenir héritier du trône de Suède et ne passe pas en Espagne comme il devait le faire pour reprendre en main la Péninsule Par son divorce et son remariage il brave enfin le pape et place au centre de sa nouvelle dynastie une personnalité effacée sur laquelle pèse le souvenir de Marie Antoinette Telles sont quelques-unes des répercussions du mariage de Napoléon avec la fille de François I^{er} voquées ici avec d'autres par les plus grands spécialistes de la période Ils montrent que toutes les pièces de la machine infernale qui emportera l'Empire en 1814 sont en train de s'ajuster en cette année 1810 P 4 of cover
