Palliative Care Ethics A Companion For All

Andrew Papanikitas, John Spicer

Palliative Care Ethics A Companion For All:

Palliative care ethics : a companion for all specialities Fiona Randall,1999 *Palliative Care Ethics* Fiona Randall,Robert Silcock Downie,1999 Palliative Care Ethics should interest all those who care for the terminally ill especially doctors nurses social workers and the clergy The well illustrated central theme applies to every area of health care that technical expertise must be controlled by humane non technical judgement **BOOK JACKET** *Palliative Care* Jean Lugton,Rosemary McIntyre,2006-01-04 This title is directed primarily towards health care professionals outside of the United States Palliative Care The Nursing Role is an introductory text for nurses and other health care professionals who deliver palliative care across a range of settings It lays a clear foundation of knowledge focusing on the needs and perspectives of patients and families who face the challenge of advanced incurable illness The style is highly accessible yet challenges readers to analyze key issues that present within palliative care Covering the wide range of care provision in hospices hospitals and patients homes the book draws widely from practice based examples to explain and expand upon theoretical issues Research evidence underpins each of the chapters Guided activities encourage readers to reflect in a focused way on their clinical experience and current practice This new edition has been fully updated to reflect ongoing developments and shifting trends in palliative care education and practice It will suit the needs of both pre and post qualifying students seeking to develop their knowledge and is well suited to practitioners working within either generalist or specialist palliative care settings or within acute or community settings as well as those studying a range of palliative care educational curricula The authors have a wide range of experience in palliative care and all are actively engaged in practice and or education A clear broad based approach offers a thorough introduction for the non specialist nurse Written and edited by an experienced team of nurses working in this field grounding it in current practice Learning outcomes listed at the start of each chapter aid learning and comprehension Reflective practice activities and an outline of CPD is especially useful for students working independently Case histories recommended reading lists and references provide a solid evidence base for clinically based practice and facilitate further study Thoroughly revised and updated to reflect changes in policy direction A new chapter on pain and symptom management Revised content reflects the recent shift in the evidence base concerning spirituality Includes psychosocial issues of loss for the patient their family and careers **Palliative Care Ethics** Fiona Randall,1999 For all those who care for the terminally ill and advanced stage cancer patients this book includes guidance on ethics and aims in palliative care the patient carer relationship teamwork confidentiality and resource allocation **Palliative Care Ethics** Fiona Randall,Robert Silcock Downie,1996 **Introducing Palliative Care** Robert G. Twycross,2003 Developed from the author s training programme that is used in many countries around the world this manual is designed for professionals working with the terminally ill The book covers the physical psychological and spiritual aspects of care *Palliative Care* Elaine Stevens,Janette Edwards,2008-09-15 Editors Preface Introduction 1 Introduction to palliative care 2 Essential

concepts 3 Generic assessment in palliative care 4 Anxiety and depression 5 Breathlessness 6 Fatigue 7 Pain 8 Quality improvement Glossary Abbreviations **Management of Advanced Disease, Fourth edition** Polly Edmonds, Nigel Sykes, John Wiles, 2012-11-27 The fourth edition of this the first textbook of palliative care continues to provide a concise but authoritative guide to the provision of palliative care The text has been thoroughly revised and reorganized throughout to reflect the recent pace of change in this rapidly moving field Coverage is comprehensive ranging from symptom control to

Palliative Medicine E-Book T. Declan Walsh, Augusto T. Caraceni, Robin Fainsinger, Kathleen M. Foley, Paul Glare, Cynthia Goh, Mari Lloyd-Williams, Juan Nunez Olarte, Lukas Radbruch, 2008-10-07 As a palliative medicine physician you struggle every day to make your patients as comfortable as possible in the face of physically and psychologically devastating circumstances This new reference equips you with all of today's best international approaches for meeting these complex and multifaceted challenges In print and online it brings you the world's most comprehensive state of the art coverage of your field You'll find the answers to the most difficult questions you face every day so you can provide every patient with the relief they need Equips you to provide today's most effective palliation for terminal malignant diseases end stage renal cardiovascular respiratory and liver disorders progressive neurological conditions and HIV AIDS Covers your complete range of clinical challenges with in depth discussions of patient evaluation and outcome assessment ethical issues communication cultural and psychosocial issues research in palliative medicine principles of drug use symptom control nutrition disease modifying palliation rehabilitation and special interventions Helps you implement unparalleled expertise and global best practices with advice from a matchless international author team Provides in depth guidance on meeting the specific needs of pediatric and geriatric patients Assists you in skillfully navigating professional issues in palliative medicine such as education and training administration and the role of allied health professionals Includes just enough pathophysiology so you can understand the whys of effective decision making as well as the how tos Offers a user friendly full color layout for ease of reference including color coded topic areas mini chapter outlines decision trees and treatment algorithms Comes with access to the complete contents of the book online for convenient rapid consultation from any computer *Handbook of Primary Care Ethics* Andrew Papanikitas, John Spicer, 2017-09-25 With chapters revolving around practical issues and real world contexts this Handbook offers much needed insights into the ethics of primary healthcare An international set of contributors from a broad range of areas in ethics and practice address a challenging array of topics These range from the issues arising in primary care interactions to working with different sources of vulnerability among patients from contexts connected with teaching and learning to issues in relation to justice and resources The book is both interdisciplinary and inter professional including not just standard philosophical clinical ethics but also approaches using the humanities clinical empirical research management theory and much else besides This practical handbook will be an invaluable resource for anyone who is seeking a better appreciation and understanding of the ethics in of and for primary healthcare That includes clinicians and

commissioners but also policymakers and academics concerned with primary care ethics Readers are encouraged to explore and critique the ideas discussed in the 44 chapters whether or not readers agree with all the authors views this volume aims to inform educate and in many cases inspire Chapter 4 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license *Contemporary European*

Perspectives on the Ethics of End of Life Care Nathan Emmerich, Pierre Mallia, Bert Gordijn, Francesca Pistoia, 2020-05-12

This book examines the ethics of end of life care focusing on the kinds of decisions that are commonly made in clinical practice Specific attention is paid to the intensification of treatment for terminal symptoms particularly pain relief and the withdrawal and withholding of care particularly life saving or life prolonging medical care The book is structured into three sections The first section contains essays examining end of life care from the perspective of moral theory and theology The second sets out various conceptual terms and distinctions relevant to decision making at the end of life The third section contains chapters that focus on substantive ethical issues This format not only provides for a comprehensive analysis of the ethical issues that arise in the context of end of life care but allows readers to effectively trace the philosophical theological and conceptual underpinnings that inform their specific interests This work will be of interest to scholars working in the area as well as clinicians specialists and healthcare professionals who encounter these issues in the course of their practice

Oxford Textbook of Palliative Medicine Geoffrey W. C. Hanks, 2011-07-21 Emphasising the multi disciplinary nature of palliative care the fourth edition of this text also looks at the individual professional roles that contribute to the best quality palliative care **Oxford Textbook of Palliative Medicine** Nathan Cherny, Marie Fallon, Stein Kaasa, Russell K.

Portenoy, David C. Currow, 2015-04-30 The definitive Oxford Textbook of Palliative Medicine now in its fifth edition has again been thoroughly updated to offer a truly global perspective in this field of extraordinary talent and thoughtfulness Updated to include new sections devoted to assessment tools care of patients with cancer and the management of issues in the very young and the very old this leading textbook covers all the new and emerging topics since its original publication in 1993 In addition the multi disciplinary nature of palliative care is emphasized throughout the book covering areas from ethical and communication issues the treatment of symptoms and the management of pain This fifth edition of the Oxford Textbook of Palliative Medicine is dedicated to the memory of Professor Geoffrey Hanks pioneer in the field of palliative medicine and co editor of the previous four editions Winner in the Medicine category of the British Medical Association Book Awards this is a truly comprehensive text no hospital hospice palliative care service or medical library should be without this essential source of information **Palliative Care: A Practical Guide for the Health Professional** Kathryn Boog, Claire Tester, 2007-10-23

This book encourages health professionals to reconceptualise their practice in the light of the fact that their patients are deteriorating and dying supporting them in their dichotomous role which involves affirming that person's life whilst acknowledging that that life is ending Professionals are encouraged to think laterally to be creative in their use of their core

skills and to use their life skills and experience to change the focus of their interventions By making these changes those involved with caring for the dying will be able to address issues related to burnout and feeling de skilled The authors share their considerable experience with the reader what works for both patient and carer professional when working in this field By providing workable solutions they empower those in disempowering situations such as when working with terminally ill children and adults The book is truly holistic and client centred in its approach upholding the philosophy of palliative care Aimed at all who interact with children and adults who have a life limiting condition or who are dying Offers practical examples of approaches to dilemmas and emotional issues commonly face by those working in palliative care Encourages professionals to think laterally to be creative in their use of core skills and to use their life skills and experience to change the focus of their interventions Moves the emphasis away from the medical model to the emotional and spiritual influences on quality of life Offers clear workable guidelines and demonstrates practical solutions based on proven theory and experience to problems encountered on a day to day basis by patients and those coming into contact with them Textbook of Palliative Medicine and Supportive Care Eduardo Bruera,Irene J. Higginson,Charles F. von Gunten,Tatsuya Morita,2021-07-15 This new edition provides the essential clinical guidance both for those embarking upon a career in palliative medicine and for those already established in the field A team of international experts here distil what every practitioner needs to know into a practical and reliable resource **Stepping Into Palliative Care 1** Jo Cooper,2006 Aimed at those working in community care including doctors nurses nursing students and social workers this book covers the value of teamwork stress issues in palliative care communication ethical dilemmas transcultural and ethnic issues at the end of life and sexuality in palliative care **Palliative Care Nursing** O'Connor Margaret,Aranda Sanchia,2018-10-08 Written by experienced authorities from around the world giving a wider international perspective on palliative nursing this substantially expanded new edition has been specifically adapted to reflect working practices within the NHS All nurses especially those that are new to palliative care and those working in other areas of health where palliative skills are required will find this essential reading

Ethical Dimensions in the Health Professions - E-Book Regina F. Doherty,2020-10-06 Build the skills you need to understand and resolve ethical problems Ethical Dimensions in the Health Professions 7th Edition provides a solid foundation in ethical theory and concepts applying these principles to the ethical issues surrounding health care today It uses a unique six step decision making process as a framework for thinking critically and thoughtfully with case studies of patients to illustrate ethical topics such as conflict of interest patient confidentiality and upholding best practices Written by Regina F Doherty an educator and occupational therapist this book will help you make caring and effective ethical choices that improve patient care and outcomes UNIQUE Ethical decision making process provides an organizing framework to use in making the best decisions when faced with ethical problems Patient stories depict real life situations and demonstrate the ethical decision making process Reflection boxes depict important concepts and stimulate critical thinking Summary boxes

highlight the most important information in each section Coverage of interprofessional team decision making reflects this important expanding movement in healthcare nationally and internationally Questions for thought and discussion encourage students to apply the ethical decision making process to different situations NEW Updated content throughout the book reflects the changes in the growing interprofessional movement NEW Expanded content on clinician well being includes tools for supporting moral resilience and preventing burnout in health professionals NEW Updated content addresses the topics of social justice health disparities intersectionality and health outcomes NEW Updated national standards and regulations are provided for electronic health communications data protections and clinical research NEW Coverage of scientific literature is expanded with studies on the effects of compassion on patient outcomes patient safety and provider and organizational well being NEW Coverage of ethical issues impacting healthcare and society includes topics such as medical scarcity due to healthcare supply chain shortages and extreme weather events due to climate change The New Testament and Bioethics R. Dennis Macaleer,2014-01-01 Beauchamp and Childress s Principles of Biomedical Ethics is a well accepted approach to contemporary bioethics Those principles are based on what Beauchamp and Childress call the common morality This book employs New Testament theological themes to enhance the meaning of those principles of bioethics The primary New Testament text for this study is the twin commands from Jesus to love God and love one s neighbor The three theological themes developed from this study the image of God the covenant and the pursuit of healing are deeply embedded in the New Testament and in the ministry of Jesus Three contemporary bioethics principles are used for this dissertation based on The Belmont Report They are the principles of respect for persons justice and beneficence In each case the theological themes are shown to enhance the meaning of these bioethics principles Each of the three principles as understood through the three theological themes is applied to a current bioethics issue to demonstrate the efficacy of this approach The three current issues addressed are the withdrawal or withholding of life sustaining treatment the distribution of health care in the United States and the use of palliative care *Palliative Care and Medicine for Older People E-Book* Derek G. Waller,2016-09-13 Palliative Care and Medicine for Older People is a new e book in a collection of subject themed e books containing relevant key articles from Medicine The e books provide a perfect source of revision for post graduate exams in clinical medicine and portfolio material for life long learning As well as mapping to the UK Core Medical Training curriculum these e books also enable anyone with a short term interest in a specific area to buy individual articles at a price point that will give affordable access to all readers from medical students to GPs and practitioners in related areas The quality of user experience on mobiles tablets and laptops will be an added bonus for learning on the move The whole board has been involved in the creation of this content and are therefore listed as authors on all the e books In addition we extend our warm thanks for their contribution to these e books to the past Chairman Allister Vale who stepped down from the board in 2015 and to John Mucklow who stepped down in 2016 Derek Waller on behalf of the Editorial Board About the journal The parent journal www

medicinejournal.co.uk is a rolling continuously updated review of clinical medicine over a 4 year cycle covering all the important topics for core medical training. Its Editorial Board comprises some of Europe's most influential specialists. The journal's articles are refreshed, updated, augmented or replaced as appropriate each time the subject is due for revision to provide a concise overview of knowledge and practice core to the curriculum. Each article is written by invited experts and overseen by the relevant subject specialist on the Board. A trainee representative on the Board ensures relevance and accessibility for exam candidates.

About the Medicine journal e-books: Palliative Care and Medicine for Older People is a new e-book in a collection of subject-themed e-books containing relevant key articles from Medicine. The e-books provide a perfect source of revision for postgraduate exams in clinical medicine and portfolio material for life-long learning. As well as mapping to the UK Core Medical Training curriculum, these e-books also enable anyone with a short-term interest in a specific area to buy individual articles at a price point that will give affordable access to all readers from medical students to GPs and practitioners in related areas. The quality of user experience on mobiles, tablets and laptops will be an added bonus for learning on the move. The whole board has been involved in the creation of this content and are therefore listed as authors on all the e-books. In addition, we extend our warm thanks for their contribution to these e-books to the past Chairman Allister Vale who stepped down from the board in 2015 and to John Mucklow who stepped down in 2016. Derek Waller on behalf of the Editorial Board.

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Palliative Care Ethics A Companion For All eBooks, including some popular titles.

FAQs About Palliative Care Ethics A Companion For All Books

What is a Palliative Care Ethics A Companion For All PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Palliative Care Ethics A Companion For All PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Palliative Care Ethics A Companion For All PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Palliative Care Ethics A Companion For All PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Palliative Care Ethics A Companion For All PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection,

editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
