[The Framing Text in Early Modern English Drama](#) Brian W.

Schneider,2016-03-03 Though individual prologues and epilogues have been treated in depth very little scholarship has been published on early modern framing texts as a whole The Framing Text in Early Modern English Drama fills a gap in the literature by examining the origins of these texts and investigating their growing importance and influence in the theatre of the period This topic led discussion of prologues and epilogues deals with the origins of these texts the difficulty of definition and the way in which many prologues and epilogues appear to interact on such subjects as the composition of the theatre audience and the perceived place of women in such an audience Author Brian Schneider also examines the reasons for and the evidence leading to the apparently sudden burgeoning of these texts after the Restoration when prologues and epilogues grace nearly all the dramas of the time and become a virtual cottage industry of their own The second section a comprehensive list of prologues and epilogues details play titles playwrights theatres and theatre companies first performance and the earliest edition in which the framing text s appears It quotes the first line of the prologue and or epilogue and uses the printer s signature to denote the page on which the texts can be found Further information is provided in notes appended to the relevant entry A final section deals with free floating and free standing framing texts that appear in verse collections manuscripts and other publications and to which no play can be positively ascribed Combining original analysis with carefully compiled comprehensive reference data The Framing Text in Early Modern English Drama provides a genuinely new angle on the drama of early modern England *The British National Bibliography* Arthur James Wells,2007

Novel Craft Talia Schaffer, 2011-01-15 Novel Craft explores an intriguing and understudied aspect of cultural life in Victorian England domestic handicrafts the decorative pursuit that predated the Arts and Crafts movement Talia Schaffer argues that the handicraft movement served as a way to critique the modern mass produced commodity and the rapidly emerging industrial capitalism of the nineteenth century Her argument is illustrated with the four pivotal novels that form her study's core Gaskell's Cranford Yonge's The Daisy Chain Dickens's Our Mutual Friend and Oliphant's Phoebe Junior Each features various handicrafts that subtly aim to subvert the socioeconomic changes being wrought by industrialization Schaffer goes beyond straightforward textual analysis by shaping each chapter around the individual craft at the center of each novel paper for Cranford flowers and related arts in The Daisy Chain rubbish and salvage in Our Mutual Friend and the contrasting ethos of arts and crafts connoisseurship in Phoebe Junior The domestic handicraft also allows for self-referential analysis of the text itself in scenes of craft production and destruction the authors articulate the work they hope their own fictions perform The handicraft also becomes a locus for critiquing contemporary aesthetic trends with the novels putting forward an alternative vision of making value and understanding art A work that combines cultural history and literary studies Novel Craft highlights how attention to the handicraft movement's radically alternative views of materiality consumption production representation and subjectivity provides a fresh perspective on the major changes that shaped the Victorian novel as a whole
