While most people in society strive to have moral attributes, not everyone understands what traits are important in achieving this goal. Often, people attempt to model themselves after another's example. In the novel, *To Kill a Mockingbird*, by Harper Lee, Atticus Finch is a single father who lives with his two children, Jem and Scout, in the small town of Maycomb, Alabama. His young children constantly find themselves trying to keep occupied during the years that pass. One summer, Atticus, who is a lawyer, finds himself in the middle of a controversial case, involving a black man, Tom Robinson, and a white woman. Scout and Jem observe how Atticus responds to the changes the case brings to their small town which makes the children want to follow in his footsteps. In *To Kill a Mockingbird*, Atticus is a static character who is continually understanding, just, and honest.

Because of Atticus' nobility, Jem and Scout are better able to comprehend the transformations in the community with unbiased eyes. "You never really understand a person until you consider things from his point of view" (Lee 30). Atticus gives this advice to Scout after she has a terrible first day of school; Scout is not fond of her new teacher and is therefore refusing to go back. Atticus, who is calm and collected, tells Scout that maybe her teacher did not have a very good day either, and that Scout should put herself in Miss Caroline's shoes before making any rash decisions. In situations like these, it is sometimes easier to learn only one side of the story, but Atticus decides to take a wider perspective. His ability to step back from situations and consider
