

"To Kill a Mockingbird" Critical Lens

Mahatma Gandhi once said, "Strength does not come from physical capacity. It comes from an indomitable will." Gandhi is trying to express that the true brawn a person has is not the physical ability, but the mental stability and strength it contains. In "To Kill A Mockingbird" by Harper Lee, the main characters, Scout and Jem, demonstrate their own version of strength through being able to overcome the bad influence of their hometown, Maycomb. Harper Lee shows this through characterization of Jem and imagery pertaining to Scout. Jem gains his own strength by realizing the flaws of the judgement of the people of his town.

After the trial of Tom Robinson, Jem speaks to Scout about his realization relevant to the outcome of the trial (the fact that Tom Robinson was found guilty of a crime that the evidence indicated that he wasn't). Jem speaks about the point of view of the jury involved with the trial and comes up with a conclusion about Boo Radley, a man who mysteriously never comes out of his home. Jem stated, "Scout, I'm beginning to understand something...why Boo stayed shut up in his house all the time...it's because he wants to stay inside" (Lee, 259).

The fact that Jem lives in a community of predominantly judgmental people would make one assume that he would pick up on that mentality and mimic it, since it is the only thing he truly knows/has grown up around. But Jem is different. Prior to this moment, Jem was extremely sheltered from any possible negative/contradictory views about the town. As he is maturing into an adult, Jem is still trying to dissect the world around him, trying to view his locale through a different lens.

He knows that the evidence in the trial showed that Tom was innocent, but was smart enough to recognize the opposite view the jury had. He is able to point out the questionable actions/injustices in the judgement of the community and bring to light what they truly are. This moment characterizes Jem as someone who is learning to be extremely thorough with his opinions. He is actually strong enough to stand his ground and has the ability to maintain his mental attitude, despite the social pressures of the town around him that would emphasize his mentality as incorrect.

Jem's ability to specify flaws in his town without merging their ideals with his demonstrates strength through maintaining his mindset. Scout shows her strength through her overcoming her fears of something unknown, Boo Radley. After the dilemma of Jem and Scout being attacked by someone in the middle of the night and Mr. Bob Ewell being killed, Scout meets the one person she has been curious about the whole book: Boo Radley, the town mystery, who has just saved their lives. After his visit to Jem, Scout decides to walk Boo Radley back to his house because he is terrified of going alone.

Harper Lee says, in the voice of Scout, "He had to stoop a little to accommodate me...she would see Arthur Radley escorting me down

Female Students and Cultures of Violence in Cities Julia Hall, 2015-06-12 As the economy constricts it seems living with a chronic sense of fear and anxiety is the new normal for

a growing number of urban females Many females are susceptible to victimization by cumulative strands of violence in school their communities families and partnerships Exposure to violence has been shown to contribute to physical and mental health problems a propensity for substance abuse transience and homelessness and unsurprisingly poor school attendance and performance What does a girl do when there is no place to get away from this and even school is a danger zone Why have so many educators turned their attention away from the reality of violence against girls Why is there a tendency to categorize such violence as just another example of the general concept of bullying Critical educators who research the effects of current market logics on the schooling of marginalized youth have yet fully to focus on this issue This volume puts the reality of violence in the lives of urban school girls back on the map investigates answers to the above questions and presents suggestions for change Contemporary Literary Criticism Jeffrey W.
