Al Silverman, 2008-09-16 The golden age of book publishing Al Silverman informs us with utter certainty began in 1946 and lasted into the late 1970s and early 1980s In his intimate history of those years Silverman sets out to prove this sweeping conceit by relying on the eyes and ears and memories of the men and women who were there creating that history Without inhibition more than 120 of the most notable heads of houses editors and publishers of this time shared many never before told stories about how the most important books in postwar America came into being and are still being read today In *The Time of Their Lives* we learn how Robert Gottlieb worked with Joseph Heller to make *Catch 18* as it was then called into the world renowned *Catch 22* Corlies Cork Smith took a risk on a shy young man he had never heard of Thomas Pynchon after being absorbed by one of his earliest short stories Leona Nevler edited under delicate working conditions with a most difficult author to make *Peyton Place* a novel for all generations It was Arthur Thornhill Sr in his years as president of Little Brown's grand publishing house who said about the occupation he loved I wanted to be part of something that was good his word for publishing in the golden age In this fascinating and elegiac history Al Silverman illuminates a period in publishing

that was not only good but formed a distinguishing landmark of culture in American life a golden time that certainly deserves a new life

In Pursuit of Moby-Dick Joseph S. Catalano,2023-09-09 This study presents Moby Dick as a novel with three distinct but interconnecting stories Ishmael s which he shares ten years after it has taken place Ahab s which is Ishmael s account of the memorable captain of a whaling ship and a third which centres on whales and whaling which has not received significant critical attention While each of these perspectives compete for prominence in the narrative Ahab and Ishmael s stories have

often distracted from the vital significance of the whaling narrative as what outlasts Ahab's obsessive mission Catalano rights this wrong by coming to a strikingly original and thought provoking conclusion which becomes the heart of the book's argument the unity of Melville's book comes first from the way the numerous literary philosophical and religious reflections are rooted in those magnificent beings whales and in the men and ships that pursue them and second in the way these reflections illuminate our own lives
