Black Women in Interracial Relationships Kellina Craig-Henderson, 2011-12-31 According to the most recent U S census twice as many black men are involved in interracial relationships as black women Do black women consciously resist such involvement What motivates the relatively few women who are in these types of relationships And how do they navigate the unfamiliar terrain in intimacy One of the most popular explanations for black women s involvement in interracial intimacy is the unavailability of eligible black men This explanation focuses on the dismal statistics popularly discussed in reports that forecast lonely futures for African American females Craig Henderson explores another more provocative explanation She argues that some black women may disassociate from larger social stereotypes by consciously and strategically making choices that distance them from what is considered characteristic of the typical African American woman Scant serious attention has focused upon intimate interracial relationships perhaps because of a general reluctance to deal with two extremely provocative issues race and sex As rates of interracial relationships continue to increase discussions about interracial intimacy are relevant and timely Craig Henderson considers the continuing taboo of interracial

relationships involving African Americans the way this taboo is changing and the way that contemporary race relations perpetuate longstanding stereotypes about race and sex The book includes in depth unstructured interviews with a wide range of black women currently involved in interracial intimate relationships Each individual discusses their relationships with family members beliefs about the influence of race in America unique problems associated with interracial intimacy as well as sexual attraction racial identity and children Of particular interest to specialists in race gender family and sexual issues this work is also accessible and appealing to general readers *Global Safari* Zekeh Gbotokuma, 2015-10-05 *Global Safari* is a memoir travelogue offering an account of the author's intercontinental travel experiences from his local village to the more global village from Africa to Europe the Americas and Asia This book is a story about courage international friendship hope survival procrastinated return and homecoming to the Democratic Republic of the Congo The book shows the process of achieving international competency and cosmocitizenship or global citizenship through a world ready education working networking and immersion into world cultures and languages Its distinguishing Songs from the Street Karen S. The Philosophy of Spike Lee Mark Conard, 2011-07-22 Over his twenty plus year tenure in Hollywood Spike Lee has produced a number of controversial films that unapologetically confront sensitive social issues particularly those of race relations and discrimination Through his honest portrayals of life's social obstacles he challenges the public to reflect on the world's problems and divisions The innovative director created a name for himself with feature films such as *Do the Right Thing* 1989 and *Malcolm X* 1992 and with documentaries such as *4 Little Girls* 1997 and *When the Levees Broke* 2006 breaking with Hollywood's reliance on cultural stereotypes to portray African Americans in a more realistic light The director continues to produce poignant films that address some of modern society's most important historical movements and events In *The Philosophy of Spike Lee* editor Mark T Conard and an impressive list of contributors delve into the rich philosophy behind this filmmaker's extensive work Not only do they analyze the major themes of race and discrimination that permeate Lee's productions but also examine other philosophical ideas that are found in his films ideas such as the nature of time
