The International Journal of Indian Psychology, Volume 2, Issue 1, No. 1 IJIP.In, 2014-10-25 The International Journal of Indian Psychology ISSN 2348 5396 is an academic journal that examines the intersection of psychology home sciences and education IJIP is published quarterly and is available in electronic versions Our expedited review process allows for a thorough analysis by expert peer reviewers within a time line that is much more favorable than many other academic publications *Encyclopedia of Industrial and Organizational Psychology* Steven G. Rogelberg, 2007 Publisher description

**Impact of Overoptimism and Overconfidence on Economic Behavior** Andreas Müller, 2007-11-01 Inhaltsangabe Introduction Economic theory normally focuses on rational agents optimizing individual utility Since the second half of the 20th century this viewpoint has been enriched by findings from the field of psychology A new trait of research was created called behavioral economics It takes into account subjective characteristics such as asymmetric preference and judgment or limits of rational processing willpower and greed This paper aims to give an overview of two related human traits that have attracted particularly wide interest namely overconfidence and overoptimism The two are closely related to each other and

often used synonymously Broadly speaking overconfidence results in underestimation of future risks e g the riskiness of future cash flows whilst overoptimism leads to an overestimation of future positive outcomes e g the future returns of a company Besides the paper wants to deduct suggestions for further research by systematically identifying uncovered topics in existing literature Usually Alpert and Raiffa are credited with the first discovery of overconfidence However the most influential study is probably Russo and Schoemaker It was published in the Sloan Management Review and communicated the topic to a broader audience for the first time In particular it revealed that assumingly rational managers were prone to overconfidence too This challenged traditional management doctrines and generated interest in a better understanding of the topic and further research To exemplify overconfidence Russo and Schoemaker asked managers to give numerical intervals for ten general knowledge questions such that nine out of the ten answers would be correct On average participants included the correct value within their interval only 5 out of 10 times i e they underestimated potential errors in their estimations Svenson is probably the most influential source regarding overoptimism He made the subject intuitively understandable and established a standard measurement method that could be easily used for subsequent research To give an example of overoptimism Svenson asked students to compare their driving skills to those of their classmates Roughly 80% believed they belonged to the top 50% i e they overestimated their abilities This paper also provides a closer look at the empirical methods normally applied in field studies Although the phenomena are intuitively understandable empirical research

'Critical Reflections in Literary Research': A Compendium of Research Papers Kamalakara Baburao

Gaikwad, 2025-09-20 The title of this academic book is Critical Reflections in Literary Research It is mainly written for the research scholars teachers and literature readers It covers the topics which cultivate their interest and overall insights about the literary research The papers compiled in this book represent the fruitful and stimulating conversations Its main objective is to acquaint the readers about the pioneering fictional perceptions of the English literature This book is a timely collection of research papers on English literature that brings together a diverse assortment of scholarly contributions which explores complex intersections The most captivating characteristic of this book is its capacity to bridge seemingly incongruent disciplines Each research paper offers a fresh perspective a unique insight and its relationship with broader societal issues Each paper demonstrates the relevance and richness of literature as a field of academic enquiry These papers represent a unique exploration of how literature engages with societal issues such as association of law and literature cinema and literature third gender people and religion thematic significance of Raja Rao s Kanthapura and Annabhau Sathe s Fakira a brief review of Henry Fielding s works Bhavik Sarkhedi and Suhana Bhambhani s views on existential crisis Arun Joshi s perspectives on existentialism Aristotle s concept of tragedy caste discrimination and east west encounter in R K Narayan s fiction and a critical study of post modern Indian English Dramatists The book also comprises with the research papers which highlight on true happiness in Oscar Wilde s novels Dr Ambedkar s opinions on education ecclesiastical intuitions in Graham

Greene significance of values and mannerism through J C Hill s work Narayana Murthy s need for excellence need of translation through Mahesh Elkunchwar s novel association of education and religion traits of protagonists pseudo zeal of worshippers racism womanism and marginalization of black women caste culture and politics reflected in dalit literature the role of recent trends in shaping modern Indian English literature quality of mercy blending of mock epic irony and fantasy and the portrayal of emancipated and new woman in Namita Gokhale s novel alienation in Toni Morrison and Alice Walker s novels Religious Pluralism in Swami Vivekananda s work mistaken legalistic validation in Joseph Heller s work and women images through Sylvia Plath s Mirror

**College Student Self-Efficacy Research Studies** Terence Hicks, Michael McFrazier, 2014-02-11 College Student Self Efficacy Research Studies offers three uniquely designed sections that provide a unique mixture of research studies conducted on African American Mexican American and first generation college students This book explores a variety of factors affecting a diverse group of college students including institutional commitment college adjustment and social and academic self efficacy barriers *Resources in Education*, 1998

**Youth and Political Violence in India** Sramana Majumdar, 2019-09-06 This book offers a socio cultural and interdisciplinary understanding of the impact of political violence on youth behaviour Drawing on extensive fieldwork in the Kashmir valley and reports from conflict areas across the globe the volume brings to focus the ways in which violence affects social and psychological dynamics within the individual and the community It develops a social psychological approach to the study of youth and violent conflict in South Asia and offers new insights into the intricacies within the discourse Focussing on the emotions and behaviour of people in large scale conflict it expands the discourse on the psychological dimensions of hope aggression emotion regulation the extremist mindset and policy and intervention for peace building Moving beyond western psychiatric models this book proposes a more culturally and historically rooted analysis that focuses on collective experiences of violence to de colonise psychological science and expand the understanding of youth s experiences with political violence The volume will be of great interest to scholars and researchers of politics psychology peace and conflict studies sociology and social anthropology

**Handbook of Individual Differences in Social Behavior** Mark R. Leary, Rick H. Hoyle, 2013-12-17 How do individual differences interact with situational factors to shape social behavior Are people with certain traits more likely to form lasting marriages experience test taking anxiety break the law feel optimistic about the future This handbook provides a comprehensive authoritative examination of the full range of personality variables associated with interpersonal judgment behavior and emotion The contributors are acknowledged experts who have conducted influential research on the constructs they address Chapters discuss how each personality attribute is conceptualized and assessed review the strengths and limitations of available measures including child and adolescent measures when available present important findings related to social behavior and identify directions for future study
