Dear [Recipients Name],

I trust this letter finds you well. As the Secretary of Justice, I am writing to inform you of a matter that requires your immediate attention.

It has come to our notice that certain actions, while currently falling within the bounds of legality, are nevertheless perceived as ethically and morally questionable. The Ministry of Justice places a high premium on maintaining the integrity of our legal and ethical standards, and all individuals within our jurisdiction must adhere to these principles.

The purpose of this notice is to formally bring to your attention the concerns surrounding the aforementioned actions. While they may not violate specific statutes or regulations, it is crucial to emphasize the importance of conducting oneself in a manner consistent with the highest ethical standards expected within our legal framework.

Bell System Technical Reference, **Classroom-Ready Rich Math Tasks, Grades 4-5** Beth McCord Kobett, Francis (Skip) Fennell, Karen S. Karp, Delise Andrews, Sorsha-Maria T. Mulroe, 2021-04-14. Detailed plans for helping elementary students experience deep mathematical learning. Do you work tirelessly to make your math lessons meaningful, challenging, accessible, and engaging? Do you spend hours you don't have searching for adapting and creating tasks to provide rich experiences for your students that supplement your mathematics curriculum? Help has arrived! Classroom Ready Rich Math Tasks for Grades 4-5 details more than 50 research- and standards-aligned, high-cognitive-demand tasks that will have your students doing deep, problem-based learning. These ready-to-implement, engaging tasks connect skills, concepts, and practices while encouraging students to reason, problem-solve, discuss, explore multiple solution pathways, connect multiple representations, and justify their thinking. They help students monitor their own thinking and connect the mathematics they know to new situations. In other words, these tasks allow students to truly do mathematics. Written with a strengths-based lens and an attentiveness to all students, this guide includes complete task-based lessons, referencing mathematics standards and practices, vocabulary, and materials. Downloadable planning tools, student resource pages, and thoughtful questions and formative assessment prompts. Guidance on preparing, launching, facilitating, and reflecting on each task. Notes on access and equity, focusing on students' strengths, productive struggle, and distance or alternative learning environments. With concluding guidance on adapting or creating additional rich tasks for your students, this guide will help you give all of your students the deepest, most enriching and engaging mathematics learning experience possible.

The Council of Europe stresses the importance of multilingualism in society and of individual plurilingual competence as means to social cohesion. Ultimately, it is within the school that the necessary innovations need to take place. The case studies presented in this publication are an authentic illustration of how this is being realised in different

contexts and what successes and challenges it presents By bringing these innovative language education programmes and school profiles to the fore its participating in the creation of a new paradigm of school leadership whereby pupils parents and the local community instead of being excluded controlled and forgotten become actively involved in language endeavours Similarly teachers can move on from being simply the executors of education programmes to becoming participants in drawing up implementing and evaluating school policies Hearings, Reports and Prints of the Senate Committee on Armed Services United States.
