Operations Management Jay H. Heizer, Barry Render, 2011 This text presents a broad introduction to the field of operations in a realistic and practical manner while offering a diverse collection of problems The problems also contain ample support to help students complete and understand assignments even when they re not in class *EBOOK: Operations Management in the Supply Chain: Decisions and Cases* SCHROEDER, 2013-02-16 EBOOK *Operations Management in the Supply Chain Decisions and Cases* *Principles of Operations Management* Jay Heizer, 2008 **Recent Trends in Social and Behaviour Sciences** Ford Lumban Gaol, Seifedine Kadry, Marie Taylor, Pak Shen Li, 2014-02-27 The human aspect plays an important role in the social sciences The behaviour of people has become a vital area of focus in the social sciences as well Recent Trends in Social and Behaviour Sciences contains papers that were originally presented at the International Congress on Interdisciplinary Behavior and Social Sciences held 4 5 November 201 *Service Management* Cengiz Haksever, Barry Render, 2013 Includes bibliographical references and index *Structures of Grace* John Gallagher, Jeanne Buckeye, 2014-12-01 This is a book about the business practices of a group of companies who are dedicated to changing the world These companies participate in the Economy of Communion EOC project which is an initiative of the international and ecumenical Focolare movement For these companies changing the world means humanizing the economy by consistently privileging relationships over profit maximizing and by putting profits in common and using them to address acute social needs and concerns It also means humanizing companies and organizations through business practices that respect the inherent dignity of each person and that are aimed at breaking down barriers between people in business The book is the product of a rigorous robust and multi year research project involving more than a dozen U S and Canadian based EOC companies and should be considered a case study of the EOC rather than a study of any of the individual companies What indeed do we mean by structures of grace First and foremost the title reflects our conviction that EOC companies are indeed different And that difference is centered on a conviction of the business as a set of relationships or more accurately a community and the conviction that the purpose of economic activity the production and distribution of goods and services is to bring people together to create community For us this is the defining characteristic of the EOC *Manajemen Operasi Dasar (Kumpulan soal dan Contoh Cara Penyelesaiannya)* Herlin Hidayat, 2019-07-10 Manajemen Operasi sebagai bahan ajar di perguruan tinggi khusus Strata 1 S1 merupakan matakuliah yang banyak mempelajari aspek operasi dari menjalankan bisnis baik bisnis manufaktur maupun jasa Perlunya latihan soal soal dalam topik topik yang ada dalam manajemen operasi seperti produktivitas teori keputusan ramalan manajemen kualitas dan kendali proses statistikal kapasitas lokasi tata letak dan waktu standar kerja yang penulis harapkan dapat membantu mahasiswa untuk dapat belajar lebih mendalam mengenai contoh contoh soal serta cara penyelesaiannya Ditambah pula soal soal yang dapat digunakan sebagai bahan belajar atau latihan mandiri bagi mahasiswa Buku ini disusun berdasarkan pengalaman penulis dalam mengajar matakuliah ini
