Operations Manual Dunkin Donuts:

Foreign Operation Methods Lawrence S. Welch, Gabriel R.G. Benito, Bent Petersen, 2018 The choice of foreign operation methods whether they are used singly or in combination is a critical question for internationalising companies This thoroughly updated edition of a successful text provides comprehensive coverage of the main tools companies use in seeking to penetrate foreign markets covering investment exporting and contractual arrangements such as franchising and management contracts An important feature of this book is its thorough overview of theoretical and strategic perspectives such as mode packaging mode switching and mode flexibility and will be invaluable for final year undergraduate and postgraduate students *The Fissured Workplace* David Weil, 2014-02-17 In the twentieth century large companies

employing many workers formed the bedrock of the U S economy Today on the list of big business s priorities sustaining the employer worker relationship ranks far below building a devoted customer base and delivering value to investors As David Weil s groundbreaking analysis shows large corporations have shed their role as direct employers of the people responsible for their products in favor of outsourcing work to small companies that compete fiercely with one another The result has been declining wages eroding benefits inadequate health and safety protections and ever widening income inequality From the perspectives of CEOs and investors fissuring splitting off functions that were once managed internally has been phenomenally successful Despite giving up direct control to subcontractors and franchises these large companies have figured out how to maintain the quality of brand name products and services without the cost of maintaining an expensive workforce But from the perspective of workers this strategy has meant stagnation in wages and benefits and a lower standard of living Weil proposes ways to modernize regulatory policies so that employers can meet their obligations to workers while allowing companies to keep the beneficial aspects of this business strategy **Franchise Opportunities Handbook**, 1991-06 **Labor Relations Reference Manual**, 2002 Vols 9 17 include decisions of the War Labor Board

Guatemala Investment and Business Guide Volume 1 Strategic and Practical Information IBP, Inc., 2015-09-11

Resolving Labor and Employment Disputes Ross E. Davies, 2012-08-01 In today's political and economic climate broad and easy agreement with the basic premise of labor law to stimulate the economy by putting more money into the pockets of working people is not likely Bad economic times are generally not good for labor organization and labor standards There is of course still an important for labor and employment and good practices to help resolve employment disputes New York University's venerable and prestigious Center for Labor and Employment Law has always been dedicated to the underlying principles of labor law as expressed in the National Labor Relations Act seventy five years ago despite recent economic challenges unforeseen at that time The Center's 2010 conference the 63rd in this highly influential series was built around a stocktaking of the current condition of labor law in the United States focusing on the continuities and disparities that characterize practice in the field today This volume contains papers presented at that meeting all here updated to reflect recent developments Extending beyond the NLRA itself contributors discuss the effects of later legislation such as the Wagner and Taft Hartley Acts of 1947 agencies such as the Equal Employment Opportunity Commission and the Office of Federal Contract Compliance Programs and proliferating connections between labor relations law and intellectual property law Experts from both the practicing bar and academia eighteen in all call on their unique strengths to address such issues as the following new applications of the 10 j injunction remedies for unlawful discharges in organizing campaigns confidentiality agreements legitimate employer interests reasonableness standard for enforcement of covenants not to compete criminal prosecutions under the Computer Fraud and Abuse Act the role of statistical evidence in systemic discrimination cases certification for class actions cultivating a plan prevent protect culture of compliance and employee representation election regulation The contributors emphasize the ways in which labor law and policy can be part of the great conversation about how to restore prosperity encourage business and create good jobs Dedicated to ensuring a realistic and fair national labor policy for the future this important publication offers definitive current scholarship toward that goal As such it will be of inestimable value to practitioners government officials academics and others interested in developments in U S employment and labor relations law and practice

Franchise Opportunities Handbook United States. Domestic and International Business Administration, 1985 This is a directory of companies that grant franchises with detailed information for each listed franchise
