Smith, 2010-07-05 This is the first dictionary dedicated to the work of Jean Baudrillard 1929 2007 It explains and contextualises more than a hundred key concepts terms influences and topics within his thought An essential reference for students and scholars of Baudrillard it also serves as an authoritative overview of how his ideas have shaped a broad range of disciplines from art architecture film and photography to sociology philosophy human geography media studies and cultural studies The entries are written by 35 leading Baudrillard specialists from around the world including Rex Butler Mike Gane Gary Genosko Victoria Grace Diane Rubenstein and Andrew Wernick Bowker's Guide to Characters in Fiction 2007 , 2008-02 **Romance Today** John Charles, Shelley Mosley, Joanne Hamilton-Selway, Sandra Van Winkle, 2007 Despite the persistent unparalleled popularity of the romance fiction genre good biographical information for its authors is neither abundant nor easily accessible this source provides both biographical and up to date bibliographical information for more than 100 American romance writers Foreword **Death Becomes Her** Elizabeth Dill, Sheri Weinstein, 2009-05-05 Dead and dying women are surely an age old narrative trope While associations of femininity with death have become almost prototypical in literary criticism and are

familiar fodder for cultural conversations the editors of *Death Becomes Her* offer us an opportunity to investigate the values that underlie such associations But from where does our tireless investment in what constitutes a feminine death a feminine reaction to death and death's courting of women emerge These essays give voice to the idea that power and victimization are not opposites but rather are complements in an operatic fantasy of intrigue agency absence and presence that pervades American writing and experience Each chapter of *Death Becomes Her* offers a different lens to investigate the nature of death as surely more than just an anatomical matter The penny press obsessively covers the death of a beautiful prostitute in 1840s Chicago a novel of seduction becomes also a narrative of autopsy a story of haunting allows women outlets for sexual license and the polemics of desire Overall this volume invites readers to explore the ways in which death is portrayed as both an ornamentation of femininity and an ontological reality of it how put simply death becomes her Essays include analyses of women's deathbed scenes suicides murders funerals and autopsies in literature and other nineteenth century media As such the chapters in *Death Becomes Her* show how the authorial and readerly interest in scripting and staging women's deaths is both intricate and abiding They tell us that death is never of course simply about death and they make relevant other issues from linguistics to politics as they inform the literature and lives of women from the late eighteenth to early twentieth century America Taken together the pieces in *Death Becomes Her* allow us greater access to the surrounding culture out of which the American woman emerges performs lives and dies In doing so they offer fresh insight into the often unsettling and highly relevant role of death in feminism
