practical value than a mere collection of recipes with no discussion of the underlying theory while the most comprehensive treatment of the theory without reference to its application in practice would be only half the story Thus the text is supplemented by a series of illustrative examples and case studies from the business political NGO and international organization arenas plus some seventy figures and tables With all this the author has paid considerable attention to writing a text that is both entertaining to read and rigorous in content *International Books in Print* ,1997 **Resources in Education** ,1997-04 *Justice of the Peace* ,1857 **Justice of the Peace and Local Government Review** ,1857 *The British Library General Catalogue of Printed Books 1976 to 1982* British Library,1983 *Discrete Mathematics in the Schools* Joseph G.
