Clarke, Elana Shapira, 2017-11-02 This new volume addresses the lasting contribution made by Central European migr designers to twentieth century American design and

architecture The contributors examine how oppositional stances in debates concerning consumption and modernism's social agendas taken by designers such as Felix Augenfeld Joseph Binder Josef Frank Paul T Frankl Frederick Kiesler Richard Neutra and R M Schindler in Europe prefigured their later adoption or rejection by American culture They argue that migrants and refugees from fascist Europe such as Gyrgy Kepes Paul L szl Victor Papanek Bernard Rudofsky Xanti Schawinsky and Eva Zeisel drew on the particular experiences of their home countries and networks of migrants and exiled designers in the United States to develop a humanist progressive and socially inclusive design culture which continues to influence design practice today The Book of Politics Michael Dutton, 2024-07-05 In The Book of Politics Michael Dutton offers an affective theorization of the political and a political theorization of affect Drawing on Western and Chinese social theory and practice Dutton rethinks Carl Schmitt's insistence that the political can be thought of only within the antagonistic pairing of friend and enemy Dutton shows how the power of the friend enemy binary must be understood by conceptualizing the political as the channeling harnessing and transforming of affective energy flows in relation to that binary Given this affective nature of politics Dutton contends that to rethink the political means moving away from a political science toward an art of the political Such an art highlights fluidity and pulls away from Eurocentric political theory requiring a conceptualization of the political as global He juxtaposes ancient Chinese cosmology medicine and Maoism against the monuments of early capitalist modernity such as the Crystal Palace and the Eiffel Tower to highlight the differences in political investments and intensities From the Chinese revolution to the global rise of right wing movements Dutton rethinks politics in the contemporary world
