children's and young adult book awards in depth The history award criteria and a biography of the person behind each of the well known awards is included Also of interest are lists of the winners in each category teaching and exploration activities reproducible teaching aides and a timeline of events leading up to the establishment of the award Information about well known awards is accompanied by information on the lesser known Pura Belpr Jane Addams etc Information is formatted in quick easy to read tables and charts suitable for classroom duplication Although some of this information is available online this is a one stop handbook that contains lesser known awards and offers activities for enriching the study of each award whether well known or not Grades K 8

Ni Hao 3 Shumang Fredlein, 2003 *Patient-Subject Constructions in Mandarin Chinese* Xiaoling He, 2019-06-15 As a distinctive syntactic structure in Mandarin Chinese the Patient Subject Construction PSC is one of the most interesting but least well understood structures in the language This book offers a comprehensive account of the history structure meaning and use of the PSC Unlike previous descriptions which were framed in terms of pre existing grammatical notions such as topicalization passivization and ergativization this book offers a fresh look at the PSC in which its syntactic and semantic as well as its discourse functions are examined within the system of major construction types of the language as a whole The PSC being low in transitivity serves primarily the function of backgrounding in discourse Typologically the PSC bears a resemblance to middle constructions in Indo European and other languages raising

interesting questions about ways to understand congruent and divergent syntactic structures across the world's languages

Jain,2021-05-17 This empirical work illuminates how China uses the higher education mechanism in South Asia to advance its
national interests and investigates the outcomes for China including both challenges and opportunities Using a soft power
theoretical framework this book employs the case study of Nepal a South Asian country of profound geostrategic value for
the two competing powers of China and India Illustrating how higher education is the mechanism for achieving soft power
goals it draws on data analysis based on archival sources and interviews with China and South Asia experts including
academics and politico bureaucratic elites as well as interviews with Nepalese students and alumni Importantly though this
book advances an innovative conceptual model of geointellect to trace the evolving dimensions of China's global dominance
in higher education research and innovation paradigm especially in the context of the Belt and Road Initiative and ultimately
reveals how foreign policy and higher education policy reinforce each other in the context of China China's Soft Power and
