*Sandinista Nicaragua's Resistance to US Coercion* Héctor Perla, Jr, 2017-02-17 How was the Sandinista National Liberation Front FSLN of Nicaragua able to resist the Reagan Administration's coercive efforts to rollback their revolution Héctor Perla challenges conventional understandings of this conflict by tracing the process through which Nicaraguans both at home and in the diaspora defeated US aggression in a highly unequal confrontation He argues that beyond traditional diplomatic military and domestic state policies a crucial element of the FSLN's defensive strategy was the mobilization of a transnational social movement to build public opposition to Reagan's policy within the United States thus preventing further escalation of the conflict Using a contentious politics approach the author reveals how the extant scholarly assumptions of international relations theory have obscured some of the most consequential dynamics of the case This is a fascinating study illustrating how supposedly powerless actors were able to constrain the policies of the most powerful nation on earth

**Nicaragua**, 1977 *The Murals of Revolutionary Nicaragua, 1979-1992* David Kunzle, 1995-11-30 Kunzle outlines the historical conditions in Nicaragua that gave rise to the Revolution and to the murals from the era of Sandino and the Somozas to the Sandinistas and the subsequent U.S. supported contra war He chronicles the politically vindictive destruction of many of the best murals and the rise and fall of Managua's Mural School a unique institution in the world Kunzle also refers to other Nicaraguan public media such as billboards and graffiti the great mural precedent in Mexico and the attempts at socialist art in revolutionary Cuba and Chile

did the U S media get it so wrong Through an examination of American coverage of Nicaragua since the Cuban Revolution Why Nicaragua Vanished provides intriguing answers to these questions and for the first time tests media coverage of a major foreign policy crisis against an independent analysis of the events covered Robert S Leiken offers valuable insights into how the media shapes Americans opinions about the world and in the process he challenges American cultural stereotypes Beautifully written Why Nicaragua Vanished is perfect for all interested in the media foreign policy Latin America or U S intellectual life

**Thomas R. Howell's Check-list of the Birds of Nicaragua as of 1993** Thomas R. Howell, 2010-10-10 Between December 1951 and April 1967 Thomas R Howell made 13 separate research trips to Nicaragua The result was a collection of over 2 000 bird skins and at least 16 publications that form the backbone of Nicaraguan ornithology In the late 1970s Howell began working on a manuscript that was intended to be his major contribution to the ornithology of the country The first version of this Check list of the Birds of Nicaragua was not ready until 1983 and many different typewritten

versions circulated among a small but growing number of Nicaraguan biologists for the next two decades Partly because of Howell s passion for detail and completeness and finally because of his failing health in the late 1990s the check list was never published before his death in December 2004 This monograph remedies what had become a significant obstacle to further studies in the country by providing in Howell s own words a comprehensive background for subsequent explorations It documents the 654 species 611 supported with specimen evidence known to have occurred in Nicaragua as of 1993 the date of the last substantial revision of the manuscript and also provides a rationale for anticipating another 44 species The publication of this significant chapter in the history of Central American bird studies is offered both as a tribute to Tom Howell s enthusiasm and contributions and as a frame of reference and springboard for current and future ornithologists inspired to study the rich and still largely unexplored avifauna of Nicaragua

Transpacific Developments Monica DeHart,2021-10-15 Transpacific Developments intervenes in the debates of China s growing presence in Latin America with original ethnographic research that challenges conventional thinking about who and what constitutes Chinese development in Central America how it is perceived locally and what it portends for the future Monica DeHart makes visible the history of transregional encounters and relations that have produced local development including Central America s partnership with Taiwan the formative role of the Chinese diaspora and US interventions That history illuminates how Orientalist formulations of racial and cultural difference continue to shape local perceptions of Chinese initiatives despite the presence of multiple forms of Chineseness Interviews with politicians bureaucrats entrepreneurs labor leaders development consultants ethnic associations and everyday citizens in Guatemala Costa Rica and Nicaragua highlight the centrality of trade infrastructure and corruption as key arenas for debating Chinese influence Transpacific Developments shows why current development collaborations with Beijing cannot be perceived as wholly new or unique nor its outcomes predetermined Instead a longer history of transpacific relations and ideas of difference define local expectations for what Chinese development might mean for Central American futures and the forms of identity and sovereignty on which they will rely

A Call to Conscience Roger Craft Peace,2012 Unlike earlier U S interventions in Latin America the Reagan administration s attempt to overthrow the Sandinista government of Nicaragua during the 1980s was not allowed to proceed quietly Tens of thousands of American citizens organized and agitated against U S aid to the counterrevolutionary guerrillas known as contras Believing the Contra War to be unnecessary immoral and illegal they challenged the administration s Cold War stereotypes warned of another Vietnam and called on the United States to abide by international norms A Call to Conscience offers the first comprehensive history of the anti Contra War campaign and its Nicaragua connections Roger Peace places this eight year campaign in the context of previous American interventions in

Latin America the Cold War and other grassroots oppositional movements Based on interviews with American and Nicaraguan citizens and leaders archival records of activist organizations and official government documents this book reveals activist motivations analyzes the organizational dynamics of the anti Contra War campaign and contrasts perceptions of the campaign in Managua and Washington Peace shows how a variety of civic groups and networks religious leftist peace veteran labor women s rights worked together in a decentralized campaign that involved extensive transnational cooperation
