

ANTICIPATION GUIDE

*Copyright by Gary Nathan
New York, Boston, 1992*

Purpose: The anticipation guide is a pre-reading strategy that prepares the reader for a text by asking them to react to a series of statements related to the content of the text. The intent of this strategy is to spark the reader's interest, which stimulates discussion on the topic. It also creates possibilities for integrating reading and writing instructions.

Rationale: Using an anticipation guide before reading *Lightship* will be helpful for both the teacher and the students to discover their opinions on issues found in the novel such as how to treat a human being, race, freedom, etc. The guide will introduce a few of the major themes that run throughout the book and help the students realize and understand a few ideas behind slavery.

DIRECTIONS:

Step One Read

First, the teacher reads *Lightship* and identifies the major concepts found in the novel.

Step Two Decide on major concepts

Decide which concepts are most important. They could include, freedom, human rights, how to treat a human being, slavery, slavery. Have a short class discussion (about 10 minutes) on one or more of these concepts to create student interest and to stimulate reflection of their prior knowledge or beliefs.

Step Three Write statements on major concepts

Prepare a handout or overhead transparency of short, declarative statements about the major concepts. There can be as few as 3-5 statements or up to about 15. The statements should be thought provoking and reflect the students' backgrounds. General statements are better than specific statements. The statements should be written in a format that will allow students to predict and anticipate.

Step Four Display the guide

Display the anticipation guide on an overhead or distribute individual guides to each student. Make sure to leave a space for responses on the sheet. Give clear directions for what the students are to do with the guide, such as writing an "A" for agreeing or a "D" for disagreeing in the left-hand column for each statement. Give the students time (about 15 minutes) to reflect on and react to each statement. The guide can be completed individually, in pairs, or as a whole class.
