Vol. 27: Medium-Format Photography I: Pentax 645 Shawn M. Tomlinson, 2018-12-14 I discovered very quickly that the Pentax 645 was much easier to use than the Hasselblad 500c. I got more photos per roll too, even though they were smaller than the 6 by 6cm of the 500c. They were 6 by 4.5cm, which is where the 645 comes from in the name. One thing I did notice was the clarity and sharpness of that prime lens. To my eyes, it was just as good, if not a tiny bit better, than the renowned Carl Zeiss Planar 80mm f/2.8 prime lens. I started shooting with the Pentax 645 a lot because, unlike the 500c and the two Mamiyas, it isn't a pain to use. It acts a lot like a 35mm SLR or even a DSLR, much more so than my three other medium-format cameras. This book can help to get you started using the Pentax 645.

A Photographer's Guide to Ohio, Volume 2 Ian Adams, 2015-05-15 Ian Adams is perhaps the best-known landscape photographer in Ohio, and in the first volume of A Photographer's Guide to Ohio, he shared his knowledge of what to photograph in the Buckeye State and how to photograph it. Now, in this second volume, Adams expands on his previous work, adding over 120 natural features, scenic rivers, and byways, zoos, and public gardens, historic buildings, and murals, and even winter lighting displays to the list of places to visit and photograph in Ohio. In addition to advice on photographing landscapes, he offers tips for capturing excellent images of butterflies and dragonflies. Recognizing the rapid development of new technologies, Adams includes pointers on smartphone photography, lighting, and composition, digital workflow, and sharing images across a variety of platforms. The book is illustrated with more than 100 color photographs. Comprehensive and concise, these two volumes make up a travel and photography guide to almost 300 of Ohio's most noteworthy and beautiful outdoor places.

Zirlinson Publishing: 35 Years 1983-2018: A History in Cover Art Shawn M. Tomlinson, 2018-12-16 It has been a long strange road and probably has no end clearly in sight Many more books are in the works as I write this in early December 2018 For example I have published nine novels to date and am writing nine more with plans for some beyond that The Shawn M Tomlinson's Guide to Photography series has 29 titles in print with another five or six nearly complete and plans for 30 to 40 more I'm also trying to rework and rearrange those books into omnibus editions by chronology and by theme I never will get every book done I want to do but it keeps me busy I always planned on putting out a catalog of all the Zirlinson Books but kept getting waylaid for one reason or another until now This catalog is available as a print book in color The color print book will be cost prohibitive for many people so there likely will be a black and white version available too
