Capture still images up to 1152x864 resolution, directly onto Memory Stick Duo™ Media for easy transfer to PCs for emailing, printing or sharing with other compatible Memory Stick™ devices.
- **Tell Macro Function**  
Useful for shooting close up shots, but without having the camcorder casting a shadow on the subject. Images shot in the Tell Macro Mode will have the subject properly focused with the background unfocused so that the subject stands out.
- ▲ **Active Interface Shoe**  
Provides a location directly on the camcorder on which to add optional accessories while providing power and two-way communication to those accessories.
- **Stamina® Battery Power Management System**  
Using the optional NP-FP90 InfoLithium® Battery, the DCR-HC42 can continuously record for up to 8 hours on a single full charge, providing extra long battery life.
- **Super NightShot® Plus Infrared System**  
With Sony's Super NightShot Infrared System you can capture natural looking video, even when shooting in low light. Record subjects up to 20 feet away using the built-in infrared system, but without the overall monochrome color common with earlier low-light recording systems.
