About the backup battery

To keep precise time, a backup power system, also called a CR2032 battery inside of the unit is added to the main system. (The battery is supplied with the unit for free and is not for sale.)

The battery keeps the clock and the alarm operating in the event of a power interruption.

Notice for customers in the UK

This clock is powered at the battery, and its memory is powered by the pre-installed backup CR2032 battery. If the "LARGE BATT" appears in the display when the unit is connected to AC under the first time, the battery may be weak. In this case, connect a strong shock. The pre-installed CR2032 battery is considered part of the product, and is necessary for the warranty.

Knowing when to replace the battery

When the battery becomes weak, the "LARGE BATT" indicator appears in the display. In the event of a power interruption when the battery is weak, the current time and alarm will be lost.

Installing and replacing the backup battery

1. Keep the AC plug connected to the AC outlet, remove the screw that secures the battery compartment at the rear of the unit using a screwdriver, and remove the battery compartment (See Fig. 1-1).
2. Insert a new battery in the battery compartment with the (+) side facing up. To remove the battery from the battery compartment, push it out from the side marked PUSH (See Fig. 1-2).
3. Insert the battery compartment back into the unit and secure it with the screw (See Fig. 1-3).
4. When you are replacing the battery, press **WAKE-ON** to turn the "on" indicator off in the display.

- Notes**
- If you replace the battery, do not disconnect the AC plug from the AC outlet. Otherwise, the current time and alarm will be lost.
 - Be sure to observe the current polarity when installing the battery.

In case of products that the battery performance or data integrity requires requires a permanent connection with an environmental feature, this battery should be replaced by qualified service staff only. To ensure that the battery will be treated properly, hand over the product at end of life to the applicable collection point for the recycling of electrical and electronic equipment. For all other batteries, please note this notice on time to time on the battery (the product safety label) that the battery over to the applicable collection point for the recycling of waste batteries.

For more detailed information about recycling of the product or battery, please contact your local City Office, your household waste disposal center or the shop where you purchased the product.

If you have any questions or problems concerning your unit, please consult your nearest Sony dealer.

Troubleshooting

Should any problem occur with the unit, note the following steps to check to determine whether or not servicing is required.

If the problem persists, consult your nearest Sony dealer.

The clock flashes "LARGE BATT"

- A power interruption occurred and the backup battery is low. Replace the battery. Remove the old battery and install a new one.

The battery radio or radio only alarm does not sound at the preset alarm time.

- Check that the battery radio or radio only alarm is activated (the **WAKE-ON** or **FM** indicator light up).

The radio alarm is activated but does not sound at the preset alarm time.

- Check that the volume is set up to maximum.
