**Not Just Another War Story** Wayne G. MacDowell, 2012 It is the spring of 1942 and as Steve Carmichael celebrates graduating from the University of Florida it is clear to every young man in America that a war is on Six months have passed since the Japanese attack on Pearl Harbor and ordinary citizens stand united ready to fight against the tyranny of Nazi Germany and Imperial Japan Steve who grew up on a cattle ranch in Kissimmee Florida had two passions in life baseball and flying At the age of 11 his father Ray purchased an old mail route biplane and within a year Steve was soaring with the birds It was an easy decision for Steve to join the Army Air Corps and pursue his desire to pilot the B 17 Flying Fortress Dakota Flight Paul Wa?kowicz, 2014-02 Flying rescue missions is part of George Young's job and he accepts the risks of a night flight through a blizzard to a remote Canadian village despite a finicky engine Although dicey the long journey provides George with time to reminisce The lure of flight to a 17 year old boy proud to have earned his pilot's license The exciting terrifying disruption of World War II to everything he's known Insane flying missions in the Aleutians where less than ten percent of the weather is fit for aircraft or airmen A suicide sortie after intelligence on a prototype Japanese bomber with a range that threatens US soil The bittersweet success of a guerilla movement in the Philippine jungles Dynamic pilots who taught George how to survive whose dedication to duty cost them their lives And a patchwork love never fully realized always just out of reach As he wrestles his aircraft and the storm on this errand of mercy George also wrestles with eternal questions of destiny What is his purpose that he should live and others die Is he doomed to drift his heart hardening as he struggles to survive in civilian life even more than he did during the war Another War Is Possible Tomas Rothaus, 2025-06-10 This is history come to life At the turn of the century the movement against capitalist globalization exploded onto the world stage with mass mobilizations in Quebec City Washington Genoa and other cities Anarchists faced off against heads of state captains of industry and riot police by the thousands While the authorities sought to bend all living things to the profit imperative anarchists set out to demonstrate a way of fighting that could open the road to a future beyond capitalism The twenty first century was up for grabs And every time Tomas Rothaus was there fighting on the front line In Another War Is Possible we follow Tomas from his days as a young militant to his tenure editing the publication Barricada In vivid prose he recounts the lessons he learned from veterans of the Spanish CNT his first experience trading blows with police in the streets of Paris his adventures slipping across borders to participate in epoch making riots With Tomas we breathe tear gas we tear down fences we tour the squats and battlefields of three continents Along the way Tomas shows that the tragedies of the twenty first century were not inevitable that another war was possible His testimony is proof that another world remains possible today
