Handbook of Parent Training James M. Briesmeister,Charles E. Schaefer,2007-07-16 A guide to the latest tools for teaching effective and positive parenting skills In the last three decades parent training has established itself as an empirically sound highly successful and cost effective intervention strategy for both pre venting and treating behavior disorders in children Handbook

of Parent Training Third Edition offers a unique opportunity to learn about the latest research findings and clinical developments in parent training from leading innovators in the field. Featuring new chapters, this thoroughly revised and updated edition covers issues that have emerged in recent years. Readers will find the latest information on such topics as Behavioral family intervention for childhood anxiety, Working with parents of aggressive school age children, Preventive parent training techniques that support low income ethnic minority parents of preschoolers, Treating autism and Asperger's Syndrome, Parenting and learning tools including role playing and modeling positive and effective parenting styles. Offering practical advice and guidance for parent training, each chapter author begins by identifying a specific problem and then describes the best approach to identifying, assessing and treating the problem. In every instance, descriptions of therapeutic techniques are multimodal and integrate theory, research, implementation strategies and extensive case material. Handbook of Parent Training Third Edition is a valuable professional resource for child psychologists, school psychologists and all mental health professionals with an interest in parent skills training.

Handbook of Parenting and Child Development Across the Lifespan Matthew R. Sanders, Alina Morawska, 2018-12-06. This handbook presents the latest theories and findings on parenting from the evolving roles and tasks of childrearing to insights from neuroscience, prevention science and genetics. Chapters explore the various processes through which parents influence the lives of their children as well as the effects of parenting on specific areas of child development such as language, communication, cognition, emotion, sibling and peer relationships, schooling and health. Chapters also explore the determinants of parenting including consideration of biological factors, parental self-regulation and mental health, cultural and religious factors and stressful and complex social conditions such as poverty, work-related separation and divorce. In addition, the handbook provides evidence supporting the implementation of parenting programs such as prevention, early intervention and treatments for established issues. The handbook addresses the complementary role of universal and targeted parenting programs, the economic benefits of investment in parenting programs and concludes with future directions for research and practice. Topics featured in the Handbook include: The role of fathers in supporting children's development; Developmental disabilities and their effect on parenting and child development; Child characteristics and their reciprocal effects on parenting; Long distance parenting and its impact on families; The shifting dynamic of parenting and adult child relationships; The effects of trauma such as natural disasters, war exposure and forced displacement on parenting. The Handbook of Parenting and Child Development Across the Lifespan is an essential reference for researchers, graduate students, clinicians and therapists and professionals in clinical child and school psychology, social work, pediatrics, developmental psychology, family studies, child and adolescent psychiatry and special education.

Tuning in to Kids Sophie S. Havighurst, Ann Harley, 2007 *The Nurturing Parenting Programs* Stephen J. Bavolek, 2000 *Handbook of School-Family Partnerships* Sandra L. Christenson, Amy L. Reschly, 2010-06-10

Family and community involvement are increasingly touted as a means of improving both student and school level achievement. This has led to an increase in policies, initiatives, and goals designed to address family involvement in schools. Once recognized and implemented, such family-school partnerships can lead to the following benefits: enhanced communication and coordination between parents and educators; continuity in developmental goals and approaches across family and school contexts; shared ownership and commitment to educational goals; increased understanding of the complexities of children's situations; and the pooling of family and school resources to find and implement quality solutions to shared goals.
