Nazarbayev And The Making Of Kazakhstan From Communism To Capitalism:

Nazarbayev and the Making of Kazakhstan Jonathan Aitken, 2009-10-07 Kazakhstan is colossal in size complicated in its history colourful in its culture and is a nation state that most outsiders know little of Much of the existing narrative revolves around the country's first president Nursultan Nazarbayev But his life can only be understood in the context of the land in which he was born raised and became a leader For centuries the tribes of Kazakhstan had been plundered and conquered by foreign invaders The most ruthless of these were the 20th century leaders of the Soviet Union but after its collapse it was Nazarbayev who emerged as the new President of the nation state Jonathan Aitken's masterly book is a riveting account of how Kazakhstan has capitalised on its natural resources including oil to become one of the great economic success stories of the modern era Nazarbayev himself is widely admired as a political leader and strategist having overcome extraordinary crises including hyperinflation food shortages and the emigration of two million people However his record on human rights is less than perfect and the independence of the judiciary and the press are questionable Corruption is also widespread in Kazakh society making it an easy target for Ali G in his movie Borat The obstacles faced in becoming a successful economy are described and examined honestly in this truly fascinating story **Democracy in Central Asia** Mariya Y. Omelicheva, 2015-07-21 Promoting democracy has long been a priority of Western foreign policy In practice however international attempts to expand representative forms of government have been inconsistent and are often perceived in the West to have been failures The states International Dimensions of Authoritarian Persistence Rachel Vanderhill, Michael E. Aleprete Jr., 2013-07-19 While the international system has been evolving in an increasingly liberal direction the level of democratic practice within the post Soviet region has on the whole declined Two decades after the popular uprisings against communism many governments in the region have successfully blunted both popular and international pressures for democratic consolidation Each selection in this volume explores how international factors interact with domestic conditions to explain the persistence of authoritarianism throughout the region The selections in the volume cover several countries including Azerbaijan Kazakhstan Uzbekistan South Ossetia Ukraine Moldova and Belarus special attention is paid to the Russian Federation since it is both a member of the region and acts as an external actor influencing the political development of its neighbors This volume is especially relevant as the world again experiences the surprising overthrow of long running authoritarian regimes The failure of democratic consolidation among post Soviet states offers important lessons for policymakers and academics dealing with the recent wave of political transitions in the Middle East and Asia A Ouarter Century of Post-Communism Assessed M. Steven Fish, Graeme Gill, Milenko Petrovic, 2017-02-09 This edited volume seeks to understand and explain the pattern of varying national and regional success in post communist political and economic transition across the post communist world Despite widespread hopes for the development of vigorous democratic political systems and vibrant market economies the outcomes of a quarter century of post communist transition in the countries of the

former communist bloc in Eurasia have been widely variant Some have matched these hopes including becoming full members of the EU others have fallen far short with political and economic systems little changed from the communist era This collection with an internationally respected list of contributors addresses some of the pressing issues in political science and transition studies ranging from theoretical overviews to the more specific nitty gritty of contemporary politics **Shadows** Joanna Lillis, 2018-10-30 Dark Shadows is a compelling portrait of Kazakhstan a country that is little known in the West Strategically located in the heart of Central Asia sandwiched between Vladimir Putin's Russia its former colonial ruler and Xi Jinping's China this vast oil rich state is carving out its place in the world as it contends with its own complex past and present Journalist Joanna Lillis paints a vibrant picture of this emerging nation through vivid reportage based on 13 years of on the ground coverage and travels across the length and breadth of this enigmatic country that lies along the ancient Silk Road and at the geopolitical and cultural crossroads where East meets West Featuring tales of murder and abduction intrigue and betrayal extortion and corruption this book explores how a president Nursultan Nazarbayev transformed himself into a potentate and the economically struggling state he inherited at the fall of the USSR into a swaggering 21st century monocracy A colourful cast of characters brings the politics to life from strutting oligarch to sleeping villagers from principled politicians to striking oilmen from crusading journalists to courageous campaigners Traversing dust blown deserts and majestic mountains taking in glitzy cities and dystopian landscapes Dark Shadows conjures up Kazakhstan as a living breathing place full of extraordinary people living extraordinary lives **Dictators Without Borders** Alexander Cooley, John Heathershaw, 2017-01-01 A penetrating look into the unrecognized and unregulated links between autocratic regimes in Central Asia and centers of power and wealth throughout the West Weak corrupt and politically unstable the former Soviet republics of Kazakhstan Kyrgyzstan Tajikistan and Uzbekistan are dismissed as isolated and irrelevant to the outside world But are they This hard hitting book argues that Central Asia is in reality a globalization leader with extensive involvement in economics politics and security dynamics beyond its borders Yet Central Asia's international activities are mostly hidden from view with disturbing implications for world security Based on years of research and involvement in the region Alexander Cooley and John Heathershaw reveal how business networks elite bank accounts overseas courts third party brokers and Western lawyers connect Central Asia's supposedly isolated leaders with global power centers The authors also uncover widespread Western participation in money laundering bribery foreign lobbying by autocratic governments and the exploiting of legal loopholes within Central Asia Riveting and important this book exposes the global connections of a troubled region that must no longer be ignored Images of the Post-Soviet Kazakhstan Suchandana Chatterjee, 2019-10-28 The study revolves round the relationship between space and transitional identity in Kazakhstan in the post Soviet period Emergent discourses about cosmopolitanism suggest multiple interactions in a transitional space The cosmopolitanism of our times implies the dynamic responses of communities in transition The diversities and heterogeneities

instead of the specifics the encounters the networks the challenges the ways of living the multitude of fates need to be considered The picture is far bigger as there are infinite ways of being and belonging The images are of the many and as suggested here relate to the Kazakh conscience The Kazakh conscience represents a repertoire of diverse opinions regarding Eurasianism intellectuals reformist agenda zhuz legacy people s histories What stands out is the wider milieu of a cosmopolitan Almaty which is the home of a cultural elite or a citified Astana that has been showcased as the appropriate site of the Kazakhs steppe identity The variety is also seen in the case of Uyghur neighbourhoods of Almaty in the frontiers of Akmolinsk oblast reminiscent of Tsarist Russia's Cossack military fortresses in gulag memorials near Astana and in the Caspian hub Atyrau that is iconised as the oil fountain of the present century Kazakh borderlands have a completely different profile that of shared spaces The Kazakhs attachment to their homeland is a constant but the question is whether that territorial reality fits into other paradigms of identity and belonging Such questions arise in the case of Mongolian Kazakhs and Uyghurs of Semirechie in both cases the sentiment of place is strong compared to the overwhelming global experiences of the mainland Kazakhs Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka Nations in Transit 2013 Freedom House, 2013-12-24 Since 1995 Freedom House's Nations in Transit series has monitored the status of democratic change from Central Europe to Eurasia pinpointing the region s greatest reform opportunities and challenges for the benefit of policymakers researchers journalists and democracy advocates alike Covering 29 countries Nations in Transit provides comparative ratings and in depth analysis of electoral process civil society independent media national and local democratic governance judicial framework and corruption Nations in Transit 2013 evaluates developments in these areas from January 1 to December 31 2012 **Historical Dictionary of** Kazakhstan Didar Kassymova, Ustina Markus, 2012-05-18 The Historical Dictionary of Kazakhstan contains a chronology an introductory essay an extensive bibliography and several hundred cross referenced dictionary entries Atomic Steppe Togzhan Kassenova, 2022-02-15 Atomic Steppe tells the untold true story of how the obscure country of Kazakhstan said no to the most powerful weapons in human history With the fall of the Soviet Union the marginalized Central Asian republic suddenly found itself with the world's fourth largest nuclear arsenal on its territory Would it give up these fire ready weapons or try to become a Central Asian North Korea This book takes us inside Kazakhstan s extraordinary and little known nuclear history from the Soviet period to the present For Soviet officials Kazakhstan's steppe was not an ecological marvel or beloved homeland but an empty patch of dirt ideal for nuclear testing Two headed lambs were just the beginning of the resulting public health disaster for Kazakhstan compounded when the Soviet Union collapsed by the daunting burden of becoming an overnight nuclear power Equipped with intimate personal perspective and untapped archival resources Togzhan Kassenova introduces us to the engineers turned diplomats villagers turned activists and scientists turned pacifists who worked toward disarmament With thousands of nuclear weapons still present around the world the story of how Kazakhs gave up their

never lost their value Although Machiavellian as an adjective tends to describe amoral cynicism in contemporary usage Machiavelli s ideas were deeply ethical and oriented towards achieving long term goals Contemporary readers may be put off by medieval language and examples misled into believing Machiavelli speaks to a different age and yet the author here explores how Machiavellian strategy can be of value ethical as well as practical in the 21st century **in Europe** Gerhard Besier, Katarzyna Stokłosa, 2021-08-18 The history of Jehovah's Witnesses in Europe has always been one of persecution This third volume documents this history turning eastward For the first time the circumstances of a religious minority under different political systems can be compared across the continent The studies gathered here provide insight into the methods of repression used by governments and mainstream churches the survival strategies of Jehovah s Witnesses and their various experiences under Eastern European dictatorships The initially cordial relationship with Jehovah s Witnesses that developed after 1990 has steadily reverted to religious discrimination culminating in Russia's renewed ban of Jehovah's Witnesses in 2017 and the confiscation of their properties By violating the universal human right of religious freedom the same conditions that prevailed in the Soviet era have now returned to modern Russia With severest discrimination and abusing jurisdictional procedures to reach their political aspirations the State tries to crush a religious community Against this background it is all the more important not to turn a blind eye to the situation of religious minorities in Eastern Europe but instead to take an honest public stance against it **Cleptopia** Tom Burgis, 2021-09-16 Lobby societ di comodo riciclaggio Il mondo inondato da un fiume di criminalit e corruzione che sta minando le fondamenta dei sistemi finanziari Alla base di tutto un sofisticato meccanismo volto all'accumulo di quantit inimmaginabili di ricchezze Ma chi si nasconde dietro queste pratiche illecite Dallo Zimbabwe al Kazakistan dal Canada al Regno Unito Tom Burgis segue i flussi di denaro e porta alla luce scorci di una realt oscura una fitta rete globale che sostiene le dittature e avvelena le democrazie Con la trama di un thriller e l'accuratezza di un reportage Cleptopia risale all origine del denaro sporco e al suo indissolubile legame con il potere Cleptopia: Como o Dinheiro Sujo Está a Conquistar o Mundo Tom Burgis, 2023-07-26 O PREMIADO JORNALISTA DE INVESTIGA O TOM BURGIS EXP E UMA TERR VEL REDE GLOBAL DE CORRUP O FINANCEIRA Cleptopia seque o dinheiro sujo que est a inundar a economia global a encorajar ditadores e a envenenar as democracias Do Kremlin aPequim do M dio Oriente Casa Branca Tom Burgis mostra como os corruptos se est o a unir e o terr vel custo que tem essa uni o Vislumbres desse mundo sombrio t m surgido nos ltimos anos um corpo encontrado num Audi carbonizado trabalhadores s o crivados de balas no deserto do Cazaquist o uma elei o fraudulenta tem lugar no Zimbabwe um banqueiro brit nico silenciado e humilhado por tentar expor a verdade sobre a City de Londres o cofre do mundo para o dinheiro sujo Neste thriller da vida real repleto de revela es perturbadoras entrela am se v rias hist rias que revelam uma assustadora teia global de corrup o proporcionando uma vis o chocante de um mundo de evas o fiscal espionagem e acima de tudo desejo de poder Elogios da cr tica S uma leitura atenta deste livro permite perceber com dura clareza ao que chegou o mundo em que
