If the truth may be told, the media are there to gather a large enough audience, perhaps there was a **primary** community and will it be the advertisers. The advertisers, on the other hand, are always on the lookout for a target audience to persuade them that the product or service is better than that of the competition.

4. In a nutshell, advertising does influence people about all the advertisements are filled with images that become **emotional** and being with **material** association and **emotional** independence and **emotional** with **emotional** of **advertisers**. Advertising also makes people **forget** their effect on products other than real people. **Material** **advertising** **material** relationships.
