With chapters covering governing bodies and conference governance, leadership and management, rules compliance, academics, eligibility and student athlete development, media relations and production, financial operations and budgeting, marketing, ticketing, licensing and sponsorships, facility and event management, alumni relations and support services, the text provides students with the essential underpinnings of an athletics administration position. New to this edition is a chapter dedicated to diversity, equity and inclusion to provide broader discussions of athlete social justice, activism, gender equity, Title IX compliance, feminist theory and allyship. In addition, the second edition discusses the rise of NIL deals, legalized sports wagering and esports, as well as the lasting financial impacts of COVID 19 on athletics departments at all levels of intercollegiate sport. While Division I schools grab the spotlight, administrators in Division II, Division III, junior colleges and National Association of Intercollegiate Athletics (NAIA) athletics departments share the same responsibilities as their Division I counterparts. The Oxford Handbook of American Sports Law Michael A. McCann, 2018. The Oxford Handbook of American Sports Law is a timely and engaging compilation of commentaries by leading experts on the most significant issues in US sports law. The book blends analysis of historical and contemporary controversies with prescriptions for how courts and lawmakers can reconcile the competing interests of leagues, owners and players. The Handbook also establishes a foundation for future research on sports law issues. As technology and social media alter the ways fans, athletes and team officials interact, legal doctrine will be challenged to adapt and the Handbook both forecasts these debates and outlines where the law may be headed.
